Cynthia L. Girling & Kenneth I. Helphand A Booksigning

This Wednesday, Upstairs, 12:00-1:00

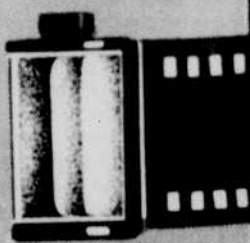

Landscape Architecture professors Cynthia Girling and Kenneth Helphand will be here to sign copies of their newly released book, *Yard-Street-Park, The Design of Suburban Open Space*. Created to help suburban community designers and planners deliver on the traditional promise of the best of both worlds, *Yard-Street-Park* takes a hard look at more

than a century of suburban planning. The authors offer design alternatives based on open space planning methods that can be applied to new or existing developments to transform them into sustainable, livable communities.

Asst. Professor Girling served as Senior Landscape Architect for EXPO '86 in Vancouver, B.C. and received an ASLA Certificate of Honor in 1979, followed by a Master's degree from the UO in 1980. Professor Helphand is Reviews Editor of *Landscape Architecture* magazine and recipient of a UO Distinguished Teaching Award. He has authored *Colorado: Visions of an American Landscape* along with more than 70 articles and reviews. He holds a Master's degree from Harvard.
