The University of Oregon's Review Workshop for the Medical College Admission Test

For the ninth year this spring, the University of Oregon will offer its comprehensive
review workshop for the Medical College Admission Test. This program, developed
by the University to assure that students have access to the very best materials and
instruction at the most reasonable cost, will reflect the latest revisions to the exam.

Before registering for an MCAT Preparation program,
consider the University of Oregon's. Inquire about our...

Faculty: University faculty from biology, physics, and chemistry as well as test preparation experts
from Academic Learning Services.

Materials: Official practice exams and manuals from the American Association of Medical Colleges
and review materials from the highly respected *Harvard Health Sciences Summer Program*.
These materials are authored by medical educators and physicians from some of America's best
universities and medical colleges. Workshop participants will take a diagnostic exam at the start of
the workshop as well as a full-length practice exam within the workshop format.

Videotaped Sessions for Review: All instructional sessions are videotaped to allow workshop
participants to review sections or to make up sessions that they might miss.

Fees: The low \$225 fee reflects the service motivation behind this workshop. Unlike the private test
preparation companies, the University of Oregon is not seeking to make a profit; it is providing this
top quality program as a complement to its educational mission.

Schedule: Eight Saturday sessions:
Feb. 11, 18, 25; March 4, 11, 25; April 1, 8
9:00 am - 12:00 pm; 1:00 pm - 5:00 pm

For more information or to register, contact Academic Learning Services at
346-3226 in 68 Prince Lucien Campbell Hall.
