

There is this to be said for the
AIR ESCAPE® III OUTDOOR SHOE:

Were all wheels, wings, pogo sticks,
and other forms of locomotion
thankfully abolished,
there would still be
a darn fine alternative
to running around barefoot.)

There's also something to be said
for water-discouraging gusseted tongues,
waterproof leather,
and a waterproof seal
to keep out the damp stuff.
Like water.

ACG means all conditions gear.
