for Your '95 Bookstore Board

May 19th & 20th at the UO Bookstore and the EMU

CANDIDATE STATEMENTS

Jon Woodward—Candidate for Freshman Position

College life has brought many new challenges to my attention as I am one of many students who face the burden of financial responsibility. Watching my bank accounts rise and fall has been an unnerving experience during my debut of freedom. As the price of tuition continues to rise, alternative ways of saving money have helped dampen the impact. As your candidate for the U of O Bookstore Board, I aspire to protect and increase the discount rates that are currently offered. Not only are the rates important, the communication link between the Bookstore and the student body are essential to the fulfillment of student needs. The Bookstore is here for the students and should be able to provide services that students deserve. As your Representative I will use my position for the betterment of the Bookstore in such ways that are within my power. I will push for lower prices to ease the burden of cost and lobby for increased accommodations for student needs through communication. The Bookstore is here for the students and I will push to offer students more for a lower cost.

Matt Hire—Candidate for Sophomore Position

As a member of Bookstore board, I would enact everything that the student body wants. Which includes student discounts, book prices and essential resources. My first and foremost priority would be to set up an active line of communication between the student and the Bookstore board, therefore leading to a University Bookstore that offers everything that college life entails. As a Bookstore Board member I believe I have the knowledge and skills to make the bookstore a valuable resource.

Erika K. Klein—Candidate for Graduate Position (1 year term)

The University of Oregon Bookstore is an important part of campus that serves not only the faculty, staff, and student at the University, but also the city of Eugene, and visitors to the University. I will be a strong member of the Board because I am enthusiastic, reliable, and bring a broad perspective to the position. I have attended the University of Oregon for the last six years, first as an undergraduate and now as a law student. I have seen many positive changes in the Bookstore throughout that time and I hope to see more in years to come.

As a part of the University, the Bookstore exists to serve its members, and as a member of the Board, I will work hard to respond to the needs, concerns, and input of the students. I have several goals as a member of the Board, including regular scheduled open forums for our customers to be able to give input, and to secure more discount on course books for members. I want to see the phenomenal success of last year continue. Thank you for your support.

Chris Erickson—Candidate for Sophomore Position

The Bookstore is a unique part of the University of Oregon in that every student on campus must deal with it on one level or another many times throughout their college career, regardless of their area of study, social group, or age. As a member of the Bookstore Board, I will seek to maintain and increase the diversity of the products and services the store offers.

Along with this, the Bookstore must deal with the financial concerns that all students must face. On the Board, I will try to keep the cost of books and supplies at a minimum while at the same time attempt to increase the discount rate for students. With the ever rising costs of tuition at the University, the least that the Bookstore can do is assist students by decreasing our additional expenses.

I am very interested in this position on the Board. I believe I can make good decisions on behalf of the students here and am flexible and open enough to hear suggestions, concerns, and criticisms from everyone. Thank you.

Kristi Wise—Candidate for Graduate Student (2 year term)

I wish to be elected to the Board for two reasons. First of all, I work with students on a daily basis and refer them to different resources and services on campus. The Bookstore is a popular and important avenue of resources to students. I feel that by serving on the Board, I could provide a large portion of students with additional information. In retrospect, I could also give the other Board members a different perspective through my interaction with students. Secondly, I love working in the Dean of Students office, and I would like to serve the university in another capacity.

Janine K. Foey—Candidate for Sophomore Position

I like the new changes I have seen in the bookstore and would like to help continue to bring new changes as well. Being on the bookstore board would give me an opportunity to get more involved with the community and being a student, I understand how convenient the bookstore is. If elected, I will gladly make my phone number public so that members can voice their opinions and suggestions and be heard.
