

DO NOT BECOME A CYNIC.

That is a sure sign
of physical and spiritual atrophy.
A disorder that can be readily avoided
with frequent doses of fresh air,
adrenaline, and vast wilderness.

This is a reminder
to those planners and knowers of things
that there is still wonder.

Still challenge.
Still spaces to climb, bike, and swim
beyond the reach of radio waves.
For those of you who would seek adventure,
take heart:

There are yet places that speak to our souls.
And to the dim-eyed know-it-alls,
they will say this:

I have a surprise for you.

Just do it.
