Horoscope by Frances Drake

For Friday, Oct. 6, 1995
ARIES
(March 21 to April 19)
Don't be disappointed if a friend cannot come through on a promise made while back. It isn't a personal slight; the situation was just out of your friend's control.

TAURUS
(April 20 to May 20)
It is not a good time to ask people for favors. Whatever your mission is, you can accomplish the task on your own. Use care if driving.

GEMINI
(May 21 to June 20)
Concentration is the key now. You can enhance both your personal and professional prospects. Be confident but not overbearing.

CANCER
(June 21 to July 22)
Perhaps there is a friend in your life with whom you haven't been totally honest. Allow your feelings to flow freely, and a wonderful experience results. Don't be afraid.

LEO
(July 23 to Aug. 22)
Stop procrastinating. Get to that home task you've been avoiding. If you cannot accomplish it right away, plan to do it during the weekend. Once completed, you'll attain a sense of satisfaction.

VIRGO
(Aug. 23 to Sept. 22)
Singles and partners enjoy a sense of romance with a co-worker. However, those already in an established relationship should not engage in such activities. A family member has a question.

LIBRA
(Sept. 23 to Oct. 22)
It is a great time to enhance your love life. Whether married or single, a sense of renewed love is in the air. Don't be shy. Be yourself, and all turns out wonderfully.

SCORPIO
(Oct. 23 to Nov. 21)

A financial opportunity could be coming your way, and you should make the best of it. You have shrewd insight. Travel comes into play later on.

SAGITTARIUS
(Nov. 22 to Dec. 21)
It is not the best time to plan for a party. Instead, pull up your sleeves for such chores as home improvement and tending to the needs of the elderly in your family. Some adopt a pet.

CAPRICORN
(Dec. 22 to Jan. 19)
Don't allow a friend to take over your financial affairs with wild advice. Credit, savings and checking accounts are your own business. Keep it that way.

AQUARIUS
(Jan. 20 to Feb. 18)
A financial surprise is coming your way soon. However, don't be tempted to jump into a wild scheme. Moderation and care should rule your investment decisions.

PISCES
(Feb. 19 to March 20)
If you communicate with a certain person, you'll learn a great deal about yourself. The exchange of emotions brings about renewed harmony. At night, get together with family members.

YOU BORN TODAY are extremely talented and kind, yet like to take the low-key approach to success. You're talented in fields of communication, such as television, radio, reporting for newspapers and magazines. At times you can be a loner, but other times you are the life of the party. You can hobnob with the best in the business, who inquire about what you know and about your potential talents. Life has much to offer you.
