

Seminar: historian's lecture free for students

Continued from 1A
4 p.m. in 138 Gilbert Hall and will speak at a lecture titled "A People's History of the United States" at 7 p.m. in the EMU Ballroom.

Both events are free for University students and staff members, Lane Community College and area high schools. Tickets are available at the EMU Main Desk Store, Mother Kali's Books and Hungary Head Books.

The cost of the 7 p.m. lecture for community members is \$3.00; the 4 p.m. seminar is free. Community members can purchase tickets at any of the above locations.

The Multicultural Center is the main sponsor of the event. Lyons said the total costs to bring Zinn to campus totaled about \$5,000 and the Multicultural Center was able to get co-sponsorship from several different groups, including \$750 in surplus funds from the Student Senate.

Senate: Smith is backed by OCA and gay senator

budget than Gov. John Kitzhaber allocated. He also backed the program that allows lottery money to pay for education. He also said he argued against cuts at the federal level.

"Higher education is the key to the future for a young person," he said. "It is a hand up, not a hand out."

Smith has lots of plans for his office if he is elected. He would like to see the Balanced Budget Amendment passed to take care

of the deficit the United States is incurring. He would like to work on downsizing the government by slowing the rate of growth.

"There are no sacred cows," he said. "Social Security and defense weapons should be reexamined for their necessity."

"It all revolves around downsizing, cost cutting and returning the power to the people," he said.

Passing term limits and refining the block grant program are two of his projects for the term.

He also wants to work on tax cuts for working people to provide a greater rate of economic growth.

These issues are contentious in Congress, he said, but they are necessary to advance the economy.

Smith said it is unfortunate that the timber debate has divided the state, but it is important to make sure family wage jobs from the timber industry stay in the economy. He said the Endangered Species Act should be rewritten so the goal is

ecosystem management, which would eliminate the species-by-species approach.

Smith has received an endorsement from both the Oregon Citizen's Alliance and an openly gay senator in Oregon, and said he opposes special rights for homosexuals and also opposes discrimination.

Smith worked on the Pendleton Budget Community before he was elected senator and has served in that capacity for three years.

*Hey, you wouldn't give your money away to just anyone, would you? Neither can we. Offers expire January 15, 1996. No payment of principal or interest will be required for 90 days. Interest accruing during this 90-day period will be added to the principal and will bear interest which will be included in the repayment schedule. The monthly payment quoted above is an estimate based on a total loan amount of \$1,417.02, which includes a sample purchase price of 1,332 for the Performa 631CD system shown above. The total loan amount also includes a 6.0% loan origination fee. Interest is variable based on the Commercial Paper Rate plus a spread of 6.35%. For example, the month of October 1995 had an interest rate of 12.17% with an annual percentage rate (APR) of 13.95%. Monthly payment for the total loan amount described above would be \$24.33. Monthly payment and APR shown assumes no deferral of principal and does not include state or local sales tax. Monthly payments may vary depending on actual computer system prices, total loan amounts, state and local sales taxes, and a change in the monthly variable interest rate. Prequalification expedites the loan process, but does not guarantee final loan approval. Subsequent acceptable verification documents must be received before your loan is approved. *When you quit on Monday. ©1995 Apple Computer, Inc. All rights reserved.
