Horoscope by Frances Drake

For Friday, Dec. 1, 1995
ARIES
(March 21 to April 19)
The news you've been waiting for
finally arrives. Something you're
concerned about at work is a complicated
issue. Perhaps it's best to consult
with co-workers to find a solution.

TAURUS
(April 20 to May 20)
A friend is in an argumentative
mood concerning a money matter.
Don't fall for the sob story of your
friend, who has caused his own problems.

GEMINI
(May 21 to June 20)
A business or financial development
that occurs is in your favor. While
one friend is helpful, another is
cantankerous and difficult. At night,
keep credit cards at home.

CANCER
(June 21 to July 22)
You and a partner are on the same
wavelength as communication improves.
You are able to find a solution
to a mutual problem when you
put your heads together. At night,
you're expressive.

LEO
(July 23 to Aug. 22)
You need to tend to what's going on
at home before you go socializing or
go on any trips. Some time is spent
later in the day on a business-related
concern. A bigwig works right
alongside you.

VIRGO
(Aug. 23 to Sept. 22)
You are able to relax concerning a
financial worry. Be careful about
arguments with certain family members.
You see something unusual
while out shopping.

LIBRA
(Sept. 23 to Oct. 22)
You're worrying needlessly over a
family member who has solved the
problem already. Be patient in business
dealings. The evening is favored
for getting together with friends.

SCORPIO
(Oct. 23 to Nov. 21)
You feel good that you can begin to
believe in a certain person again.
You have some trouble resisting
temptation while out shopping. A
co-worker isn't giving you necessary
feedback.

SAGITTARIUS
(Nov. 22 to Dec. 21)
It's full speed ahead on that certain
project that had you a bit stymied
a while back. At the same time,
those around you are indulging in an
ego trip. You're at your communicative
best in the evening.

CAPRICORN
(Dec. 22 to Jan. 19)
Your socializing is jeopardized
when someone gets some wires
crossed and there's miscommunication.
You'll want to withdraw into
yourself, but someone close gets you
to open up.

AQUARIUS
(Jan. 20 to Feb. 18)
Early morning hours find you tending
to a domestic problem. You and a
friend come to a new agreement
about the relationship and where
it's headed. This person has been
using you as a crutch for some time.

PISCES
(Feb. 19 to March 20)
That nagging worry finally comes
to a happy conclusion. While romantic
feelings are intense, they could be
the source of a quarrel. It's best to
stick close to home in the evening.
YOU BORN TODAY are gifted
when it comes to expressing yourself
and communicating your ideas.
You're never satisfied with a surface
explanation and must always get to
the bottom of things. A career on the
stage or as a journalist is appealing
to you. You are self-motivated and
accomplish much in the way of innovative
achievements. However, you
need to keep a lid on your temper.
Birthdate of: Woody Allen, director;
Betty Midler, entertainer; Richard
Pryor, comedian.
