

BOUNDARIES ARE SET BY DICTATORS.
Created to regulate cattle grazing
and employ tollbooth attendants.
With no regard for mankind's unalienable rights;
among those, to

as it was intended.

As a place of curiosity and chance.
To be walked, scaled, rafted, and by all means, trodden.
Not that limits have no place here.

They do.

But they were never meant to be barriers that keep you in.

Only starting points
that suggest how much further
you could

go

out.
