Horoscope by Frances Drake

For Friday, Jan. 19, 1996

ARIES

(March 21 to April 19)

You need to work out some last-minute details regarding travel, but otherwise it looks like a glorious time for you. Dating meets expectations during evening hours.

TAURUS

(April 20 to May 20)

You should keep your guard up during working hours, but evening hours are tailor-made for mixing business and pleasure. Home entertaining in particular is a plus. Big-wigs are suitably impressed.

GEMINI

(May 21 to June 20)

Don't be careless with details, especially where business is involved. An appointment could be changed, causing some scheduling problems in the afternoon. You're popular to-night, so enjoy social activities.

CANCER

(June 21 to July 22)

A good part of the day will be spent keeping others from distracting you. Then you'll make things happen for yourself. Career and financial gains are likely.

LEO

(July 23 to Aug. 22)

Extra drive brings you career benefits and improved earning power. Still, you'll need to watch spending because unexpected expenses could arise. Most of these are connected with domestic necessities.

VIRGO

(Aug. 23 to Sept. 22)

There's some agitation in working out a business agreement since some don't see eye to eye. Social life is favored this evening, but one friend could be sensitive and easily hurt.

LIBRA

(Sept. 23 to Oct. 22)

Accent hard work rather than charm for accomplishment. Home-based activities are best for in the evening. A loved one could be a tad overly sensitive, so be patient and

understanding.

SCORPIO

(Oct. 23 to Nov. 21)

You'll probably get more work done on your own time at home than in the office. Concentration is best then. Enjoy socializing with friends of like mind.

SAGITTARIUS

(Nov. 22 to Dec. 21)

You've got excellent ideas — so act on them! It's a good time to contact others by phone or letter. You're apt to change your mind about a charge-card purchase.

CAPRICORN

(Dec. 22 to Jan. 19)

Don't advertise your business moves, despite your pride in your accomplishments. Much is achieved, but maintain a low profile. Private talks are fruitful and to your satisfaction.

AQUARIUS

(Jan. 20 to Feb. 18)

It's a fast-moving day for your career. On one matter, some more details need to be worked out. Consult with partners about the use of joint credit.

PISCES

(Feb. 19 to March 20)

For some, it's attendance at an out-of-town seminar or travel in connection with a club. You'll be taking greater pride in your work in the near future. A family member has a problem only you can solve.

YOU BORN TODAY gravitate toward challenges and bounce back readily from adversity. You do not warm up to others easily and can be somewhat suspicious of their motivations. Learning to trust others will keep you from withdrawing into yourself. You have a lot of determination. Such fields as politics, law and finance are your key to a long life of happiness and success.
