Horoscope by Frances Drake

For Monday, Jan. 22, 1996

ARIES

(March 21 to April 19)

A friend is easily offended by a thoughtless remark you make. Make sure you patch this up as soon as possible. Romance signals the start of a period where the emphasis is on partnerships.

TAURUS

(April 20 to May 20)

No doubt about it: You're ready to try something new to add to your financial resources. However, before you do, learn more about it. You benefit from listening to advice in the evening.

GEMINI

(May 21 to June 20)

You want to have fun, but the same old routine won't satisfy your craving. Vary your routine and do something you've never done before. You end the day tired but ultimately fulfilled.

CANCER

(June 21 to July 22)

This isn't the time to go against what a partner is proposing. Your ideas are normally good, but you must be willing to compromise. Remember, you don't know everything.

LEO

(July 23 to Aug. 22)

With some free time for yourself, you could try to live up your surroundings with some different decor. Express yourself artistically. A conservative approach is best concerning a friend's problems.

VIRGO

(Aug. 23 to Sept. 22)

Surely others must know that if you've already hurt their feelings, you don't want to talk about it. Still, it's probably the wisest course of action to make up. Go through your wardrobe in the evening.

LIBRA

(Sept. 23 to Oct. 22)

Leave the money and credit cards at home; otherwise, you are liable to make the wrong choice or simply spend too much. You still haven't

caught up with your holiday bills. A partner has a creative suggestion.

SCORPIO

(Oct. 23 to Nov. 21)

Once they begin, problems could continue to escalate. A loved one is in a rather sour mood and needs some cheering up. Familiar haunts are best for pleasure activities.

SAGITTARIUS

(Nov. 22 to Dec. 21)

You are more sensitive than usual and perhaps a bit self-conscious or quick to take offense. Get a hold of yourself. Doing chores reaks your mind a bit.

CAPRICORN

(Dec. 22 to Jan. 19)

Although you won't accomplish all that you set out to do, you'll still feel good about some of the day's business developments. A quiet evening at home with loved ones is best.

AQUARIUS

(Jan. 20 to Feb. 18)

There are some minor strains to be dealt with in personal relationships, but all is well by day's end. A co-worker is surprisingly cooperative. Evening hours accent recreation and romance.

PISCES

(Feb. 19 to March 20)

At times, you seem too much in a rush, and at other times you procrastinate. Those around you are bothered by what they perceive as erratic behavior. However, your mate knows what's really going on.

YOU BORN TODAY work well with others and would make somebody a good hands-on partner. You have your hand in many things and are a perfectionist. Often, you choose a creative medium through that to express yourself. You are a good money-maker, but could be more drawn to an artistic or professional career. You have an interest in reform and government service.
