The University of Oregon's Review Workshop for the Medical College Admission Test

For the tenth year this spring, the University of Oregon will offer its comprehensive review workshop for the Medical College Admission Test. This program, developed by the University to assure that students have access to the very best materials and instruction at the most reasonable cost, will reflect the latest revisions to the exam.

Before registering for any MCAT Preparation program, consider the University's. Inquire about our

Faculty: University faculty from biology, physics, and chemistry as well as test preparation experts from Academic Learning Services.

Materials: Official practice exams and manuals from the American Association of Medical Colleges and review materials from the highly respected Harvard Health Sciences Summer Program. These materials are authored by medical educators and physicians from some of America's best universities and medical colleges. Workshop participants will take a diagnostic exam at the start of the workshop as well as a full-length practice exam within the workshop format.

Videotaped Sessions for Review: All instructional sessions are videotaped to allow workshop participants to review sections or to make up sessions that they might miss.

Fees: the low \$225 fee reflects the service motivation behind this workshop. Unlike the private test-preparation companies, the University is not seeking to make a profit; it is providing this top quality program as a complement to its educational mission.

Schedule: Eight Saturday sessions:
February 3, 10, 17, 24; March 2, 30; April 6
9:00 am - 12:00 pm; 1:00 pm - 5:00 pm
Practice Exam: March 9
