

Move it

Enduring the rainy weather, Yongmin Hwang, a graduate student in business, runs through the rain to move his belongings into the dorm Sunday afternoon. The rainy weather is expected to continue through Wednesday, turning into sun for Thursday and continuing through the weekend.

Look, if you think a talking stuffed moose is pretty amazing, listen to this. I was hanging out with some of the boys the other evening. One of them just bought a new Macintosh. Evidently, Apple is offering incredibly low campus prices on Macintosh computers right now. So he pops in this CD-ROM. Man, you wouldn't believe what this thing could do. No wonder the Mac is one of the most advanced multimedia computers. We're talking sight, sound, full-motion video—the works. Gee, wish I could move like that.

Performa 6214
ANSI VGA, 21" monitor
Its multimedia capabilities will show you why the Mac is one of the most advanced computers. And with built-in CD-ROM drive, keyboard, mouse and all the software you'll need, it makes it easier to bring your work to life.

Power Mac 7500/100
ANSI VGA, 21" monitor
With its amazing multimedia capabilities you can easily bring your work to life. With built-in stereo sound, video graphics and animation—it's why your work will never look or sound the same again.

No payment of principal or interest will be required for 90 days on the deferred Apple Computer Loan offer. Interest accruing during this 90-day period will be added to the principal and will bear interest which will be included in the repayment schedule. The monthly payment quoted above is an estimate based on a total loan amount of \$1,600.00 which includes a sample purchase price of \$1,320.00 for the Performa 6214 system shown above. The total loan amount also includes a 6.0% loan origination fee. Interest is variable based on the Commercial Paper Rate plus a spread of 6.5%. For example, the month of January 1996 had an interest rate of 12.25% with an annual percentage rate (APR) of 13.97%. Monthly payment for the total loan amount described above would be \$24.25. Monthly payment and APR shown assumes no deferral of principal and does not include state or local sales tax. Monthly payments may vary depending on actual computer system prices, total loan amounts, state and local sales taxes, and a change in the monthly variable interest rate. Prequalification expedites the loan process, but does not guarantee final loan approval. Subsequent acceptable verification documents must be received before your loan is approved. Offers shown above expire May 15, 1996. See your campus store for details about the Apple Computer Loan. © 1996 Apple Computer, Inc. All rights reserved.
