Horoscope by Frances Drake

For Monday, April 1, 1996

ARIES
(March 21 to April 19)

A family member would like your company at an outing. The major accent, though, is on social life and group activities. Convictions count, especially where your values are concerned.

TAURUS
(April 20 to May 20)

Accept an invitation from a work colleague to get out and socialize. Also, clear up those things that need to be done around the house. A low profile is best for evening hours.

GEMINI
(May 21 to June 20)

Friends and loved ones require more of your attention. Put aside business concerns and plan to go out somewhere special during evening hours. However, be sure to turn in early and get enough rest.

CANCER
(June 21 to July 22)

Overall, it is a favorable time for the realization of business and financial ambitions. You might have to decline a social engagement, which probably would not be to your benefit.

LEO
(July 23 to Aug. 22)

You could feel introverted for a while, but by nightfall, you're your outgoing self. Travel prospects look promising, whether for business or pleasure. It's a good time to consider a cultural pursuit.

VIRGO
(Aug. 23 to Sept. 22)

Although you shouldn't mix business and pleasure, you can make meaningful progress in career endeavors. Rely on your initiative. You are very much the human dynamo.

LIBRA
(Sept. 23 to Oct. 22)

Don't let a money concern spoil what should be a good time with friends. Romantic introductions are possible. Someone asks you for a favor that is way out of line.

SCORPIO
(Oct. 23 to Nov. 21)

You could feel blocked in creative efforts. A quiet evening is favored with an accent on home life and candlelit dinners for two. Stay on top of domestic tasks.

SAGITTARIUS
(Nov. 22 to Dec. 21)

Try to simplify your social life. In your zeal to be sure you don't miss anything, you're doing too much at once. Improved communications with offspring are possible during the next few weeks.

CAPRICORN
(Dec. 22 to Jan. 19)

Racism and sensationalism tempt you. Home-based activities are probably better for you than wild escapades, which ultimately could prove embarrassing. Exercise prudence.

AQUARIUS
(Jan. 20 to Feb. 18)

Your intuition brings you career ideas, but it's not the best time to share them with others. You need to watch your sweet tooth; don't overindulge.

PISCES
(Feb. 19 to March 20)

Your social life can be worthwhile, but don't waste precious moments with people who don't matter to you; be discriminating. Financial prospects improve.

YOU BORN TODAY have excellent leadership skills, which can serve you well in both business and politics. You'd make a good manager of another's financial interests, although at times you can display a penny-wise and pound-foolish attitude with your own resources. You'd rather be safe than sorry and are inclined to conservatism. You have artistic gifts that you can commercialize.
