

# DeYoung: It's up to defense whether Ducks remain Gang Green

■ **Continued from Page 13**  
test of what is to come. Although the offensive and defensive first-teams looked impressive, it seemed as though the back-ups will need more practice if they ever want to dominate in the Pacific-10 Conference.

After all, what will happen next year when the last of the original Gang Green members are not part of the team? After

the spring game, senior linebacker Derrick Barnes said he knew Gang Green would dominate this year, but after that, it would be up to the new defense whether they want to be Gang Green.

The Ducks without Gang Green? I wasn't here when Gang Green didn't exist. I don't know how to watch Oregon without shouting out "Gang!" and listening to the other half of Autzen Stadium yell "Green!"

With the success of the Ducks these past few years, there is a monkey on their backs, especially because they are on a losing streak in bowl games. Many of these guys may not have been part of the teams that faced such hard luck in the Rose and Cotton Bowls, but they all know what happened and won't easily forget it.

The spring game is not an automatic indication of what is to come next season. But as the Ducks begin to move into a new era, new names will be heard, and soon we will all know how to yell names such as Ausama Zarrugh.

### Horoscope by Frances Drake

For Wednesday, May 8, 1996  
**ARIES**  
(March 21 to April 19)  
Some bring a creative project to completion. Intuition is certainly an asset in career endeavors. Luck comes from afar, but home tension is possible after dark.  
**TAURUS**  
(April 20 to May 20)  
For some, an investment pays off. You'll want time for a research project, but there will also be time for glamorous entertainment in the evening. An exciting introduction could lead to romance.  
**GEMINI**  
(May 21 to June 20)  
You're not the best salesperson of your ideas. The personal touch may not work for you in business, as others view this approach as too intrusive. Be sure to listen when others speak.  
**CANCER**  
(June 21 to July 22)  
Are you standing up for a principle, or are you just being picky? This is a time when you could win an argument but lose a friendship. Watch judgment in romance.  
**LEO**  
(July 23 to Aug. 22)  
A spending plan seems impractical. A partner or friend remains your best sounding board. Opt for careful planning instead of haste and avoid quarrels.  
**VIRGO**  
(Aug. 23 to Sept. 22)  
Ingenuity puts you on the right track at the workplace. Where friendship is concerned, there is a tendency to argue about money. Good advice comes during evening hours.  
**LIBRA**  
(Sept. 23 to Oct. 22)  
Although a close tie does not go along with you on everything, a surprise outing together benefits your relationship. Work could be press-

ing during the morning hours.  
**SCORPIO**  
(Oct. 23 to Nov. 21)  
Not everything is clear in romance. A breakthrough comes regarding a career project, though you could still be concerned about the slow progress of another deal.  
**SAGITTARIUS**  
(Nov. 22 to Dec. 21)  
It could be just as well to let a partner call the signals. A different approach is what you need and a different person will fill the bill admirably.  
**CAPRICORN**  
(Dec. 22 to Jan. 19)  
Don't expect immediate results. You're right to explore new directions regarding a career concern. Not all the pieces of the puzzle fit yet, but you've made a start.  
**AQUARIUS**  
(Jan. 20 to Feb. 18)  
Friends could interfere with what has to be done. To put it another way, you're easily distracted. Focus on your partner's needs in the evening.  
**PISCES**  
(Feb. 19 to March 20)  
It would be unwise to dally at a business luncheon. You're far enough behind as it is. Extra concentration is needed to put your affairs in order.  
**YOU BORN TODAY** are creative but must overcome a tendency to be a bit scatterbrained. You're a born showman and natural promoter and can both advertise and sell. When interested, you make an inspired leader for a cause. A sense of humor is a help in your career. Cheerfulness wins the support of others. You gravitate toward the big deal and have a good sense of what the public wants.
