What can I do with a GENERAL SCIENCE MAJOR?

*A Workshop and Social for
current and potential
General Science majors:*

**Tuesday, May 21, 5-6:30pm
Gerlinger Hall**

UO Career Center representative,
Beth Swank, will provide tips on
finding jobs in "hot" areas for
General Science majors.

Following, it's time to enjoy
refreshments and meet other
General Science majors.

For more information, call 346-3288.

Women: Honorable finishes help runners

■ Continued from Page 11

the javelin throw as she took the Pac-10 title with a distance of 149-11. Her teammate freshman Katie Pearmine was the favorite in the category, coming in with a conference-best distance of 162-11. But Pearmine could only manage a throw of 147-6, which was good enough for second place.

In the 10,000-meter run, senior Melody Fairchild easily sped to the conference title with a time of 34-minutes, 7.86 seconds. Fairchild is already the NCAA Indoor Champion in the 10,000-meters and has automatically qualified to run the race in the NCAA Championships and provisionally qualified for the Olympic trials.

Coming in second in the 10,000-meters was Oregon senior Niamh Zwagerman with a time of 35:18.04.

In other finishes, sophomore Jennifer Thomas, fresh off a second-place showing at last weekend's Pac-10 heptathlon, came in seventh in the javelin and fourth in the long jump with a

lifetime best of 20-3.

In the 3,000-meter run, sophomore Milena Glusac took second place with a time of 9:16.07, despite battling illness in recent weeks and losing a lead in the last lap. Three other Ducks finished in the top nine in the 3,000-meters. Senior Jenna Carlson placed fifth, freshman Marie Davis took sixth and sophomore Rosy Gardner finished ninth.

Sophomores Valerie Sweitzer and Chris Cvitanich took fifth and sixth place respectively in the shot put and their teammate freshman Heidi Fisk placed tenth.

On Sunday, despite losing the lead, the Ducks still had some good individual finishes.

The 4x400-meter relay team was the only first-place finish for the Ducks on Sunday. The team of freshmen Sue Morris and Tish Henes, senior Jamila Godfrey and junior Nicole Commissiong took the race with a time of 3:36.79, good enough for an NCAA provisional time.

Commissiong took a solid

third place in the 400-meter dash in 52.65, which provisionally qualifies her for the NCAA Championships.

Glusac, Fairchild and Carlson all had enough energy left over from their races on Saturday to place well in the 5,000-meter run. Glusac took second place with time of 16:18.70, Fairchild came in fifth with a time of 16:26.56, and Carlson ran a 17:02.84 for sixth place.

The Ducks' 4x100-meter relay team placed second behind USC with a time of 45.31.

Senior LaReina Woods took fourth in the 100-meter dash and third in the 200-meter dash in 23.6, good enough for a provisional NCAA time.

Henes bettered her lifetime best in the 400-meter hurdles with a time of 58.51 for a third-place finish and an NCAA provisional time.

Junior Vicky Fleschner also took third with a lifetime best in the 800-meter run (2:06.54) while sophomore Kaarin Knudson took fifth in the race.

Men: Johnson's injury cuts Ducks short

■ Continued from Page 11

the 800-meter run paved the way for UCLA's win. Oregon ended up second, followed by Washington, Washington State, Stanford, California, Arizona and Arizona State.

One of the biggest let-downs for the Ducks occurred when sophomore sprinter Patrick Johnson re-injured his troublesome hamstring. Oregon was counting on some points from Johnson in the 100, 200 and 400-meter dashes, but his injury during the short relay ended all hope of scoring performances.

The injury ended a long season of frustration for

the defending 400 champion, as he only competed in four meets for the Ducks this year. Johnson can now put his injury-plagued track season behind him and concentrate on the Olympic trials later this summer. His performance in the 400 last year assured Johnson of a spot in the trials this year.

Although Oregon ended the season on a slightly disappointing note at the conference finals, the team looks forward to sending at least two athletes to the NCAA championships in two weeks. In addition to automatic qualifiers Das Neves and Davis, Livingston, Keska and Nelson will likely compete for national titles.

to your HEALTH

Become a Peer Health Educator

The Peer Health Education Program offers opportunities for students to explore a variety of college health issues with other motivated peers.

- Earn 8 upper-division EDPM credits over a 2-term commitment.
- Organize and conduct campus health presentations and workshops.
- Coordinate campus-wide events.
- Provide one-on-one peer counseling sessions.
- Write articles for the WellNow health newsletter.
- Gain knowledge about nutrition, sexuality, fitness, substance abuse, and mental health.
- Develop skills in presenting information, communication, and outreach.

To apply, contact the Health Education office at 346-4456 or pick up an application at the Student Health Center.

Nutrition Quackery:

**When claims are too
good to be true**

- ♦ Do you feel confused and bombarded with nutrition information and products that offer everything from rapid weight loss to increased sex drive? You aren't alone! And you can protect yourself.
- ♦ This one-hour presentation will help you identify the earmarks of nutrition quackery and give you the skills necessary to cut through all the hype and misinformation.
