Horoscope by Frances Drake

For Wednesday, May 29, 1996
ARIES
(March 21 to April 19)
New career options loomed on the
horizon look promising. In the mean-
time, try to avoid a squabble with a
jealous co-worker. Later in the
evening, make an effort to rid your-
self of residual anger.
TAURUS
(April 20 to May 20)
Once you buckle down and concen-
trate on a task, you're at your most
productive. However, avoid letting
your tendency to be egotistical way-
lay you. Maintain a balanced out-
look.
GEMINI
(May 21 to June 20)
You need to be more practical when
it comes to those business ideas of
yours. On the home front, there's a
tendency to squabble over petty
matters. However, the evening prom-
ises to be restful.
CANCER
(June 21 to July 22)
You are sometimes hit with inspi-
ration at the oddest moments, and
this is one of them. A minor health
concern beats the overly indulgent.
Perhaps it's time for that overdue
physical.
LEO
(July 23 to Aug. 22)
You have more fun at home than
out and about with crowds. On the
job, your concentration is not at its
best. Exercise self-discipline for bet-
ter results.
VIRGO
(Aug. 23 to Sept. 22)
The green-eyed monster is plagu-
ing you, whether in a friendship or
romance. In general, this isn't the
best time for relationships. Keep
your distance and maintain your
own counsel.
LINNA
(Sept. 23 to Oct. 22)
You're being too hard on family
members, especially the older ones.
Your self-absorption isn't really that
