Horoscope by Frances Drake

For Monday, June 10, 1996

ARIES

(March 21 to April 19)

Others could make promises they
won't be able to fulfill. A general
laxity makes it hard to get things
accomplished. Some signals could
be crossed, particularly during
evening hours.

TAURUS

(April 20 to May 20)

With so many interruptions, it
could be difficult to get things done
around the house. Even if in a rush,
take time for careful planning. Even-
tually, family members rally and
much is ultimately accomplished.

GEMINI

(May 21 to June 20)

The tendency is to be swept off
your feet in romance. It could be
hard to say no to a child's request.
Going out is favored over home en-
tertaining once the sun sets.

CANCER

(June 21 to July 21)

Financial benefits accrue, but you
could have mixed feelings about an
evening social engagement. Creative
stirrings are strong, but you must
find an appropriate outlet for them.
Perhaps the evening would be best
spent at home.

LEO

(July 22 to Aug. 22)

Having house guests would be a
strain, since you have important
research or study to do. Intense scrutiny
of investments and financial
concerns is indicated. Morning hours
are best for accomplishing tasks.

VIRGO

(Aug. 23 to Sept. 22)

Although it's not the best day for
business matters, you function well
in group activities and with partners.
Public speakers and writers
are in top form. A temptation to
stray should be shunned after dark.

LIBRA

(Sept. 23 to Oct. 22)

In the morning, tone down ar-
rogance. In business you'll find a cre-
ative outlet for your imagination.
Lucky home developments should

be kept secret for the time being.

SCORPIO

(Oct. 23 to Nov. 21)

Handle higher-ups with tact.
Candlelight and soft music sets the
pace in romance. Travel and distant
interests prove fortunate, but get
enough rest tonight.

SAGITTARIUS

(Nov. 22 to Dec. 21)

You're known more for your vari-
ability than in-depth thinking, but
you hold your own with the best of
them when it comes to mental
achievements. Bigwigs are im-
pressed with your solutions. Keep
up the good work.

CAPRICORN

(Dec. 22 to Jan. 19)

There could be some minor job
frustrations, but you show great in-
sight regarding educational pursuits
and children's interests. Creative
types blossom. Make an effort to
listen to what others are saying on
the home front.

AQUARIUS

(Jan. 20 to Feb. 18)

Morning hours find you a bit im-
patient. Cultural pursuits are favored,
especially music. Benefits come
through friends, but scrutinize pa-
pers carefully during evening hours.

PISCES

(Feb. 19 to March 20)

You're of a charitable disposition,
but shouldn't let yourself be imposed
upon. You take advantage of a chance
to get ahead in your career. Later in
the day, you find someone's behavior
enigmatic.

YOU BORN TODAY like excite-
ment in your work and fast-moving
activities. You must strive to over-
come restlessness and a tendency to
rush through things. You have a
wonderful intellect and are drawn to
both creative pursuits and business.
Have the patience to see your projects
through to completion. Know the
difference between true individual-
ity and simple rebelliousness.
