Horoscope by Frances Drake

For Tuesday, Oct. 8, 1996
ARIES (March 21 to April 19)
Be on your toes, especially when it comes to financial matters. Don't listen to rumors on the work front. You feel renewed romance with your partner in the evening.
TAURUS (April 20 to May 20)
It would be wise to guard your financial interests. Be a careful shopper and be patient, as you will find a great deal. Overspending leads to legal woes.
GEMINI (May 21 to June 20)
It's a good time to pamper your mate, who has been under some strain of late. A midafternoon shopping spree or a late-night romantic dinner beckons.
CANCER (June 21 to July 22)
While a co-worker could hold a grudge against you, just go about your normal routine. If you keep your emotions in check, you will impress higher-ups.
LEO (July 23 to Aug. 22)
A certain family member could get on your nerves. However, use your cool personality to weather this storm. Friends are more understanding and will help you out.
VIRGO (Aug. 23 to Sept. 22)
Don't hide your feelings from your partner. If something is bothering you, allow yourself to open up and be honest. Beware of escapist tendencies.
LIBRA (Sept. 23 to Oct. 22)
You need to go on a vacation that will stimulate you mentally, so now's the time to plan this venture. Getting positive feedback on the job is a problem. Try to ignore this.
SCORPIO (Oct. 23 to Nov. 21)

The evening is favored for special times with loved ones. Catching up on what has been going on in their lives will be surprising and very beneficial for all involved.
SAGITTARIUS (Nov. 22 to Dec. 21)
While you don't win others over with your viewpoint, eventually they will come to understand. Trust your originality, as you have some excellent financial ideas.
CAPRICORN (Dec. 22 to Jan. 19)
A special invitation could come your way. It is important that you attend this social gathering, as it will enhance your personal and professional life. Enjoy!
AQUARIUS (Jan. 20 to Feb. 18)
While you feel down about a personal problem, don't be surprised if a trusted friend has the answers to your woes. Your judgment is good, but you're a bit stressed out.
PISCES (Feb. 19 to March 20)
Job pressures that have been mounting are relieved when you get to the heart of the matter. This is accomplished by working on your own. Evening hours are special.
YOU BORN TODAY often find frustration due to the fact that you have trouble expressing yourself clearly. You know what you want to say, but it loses something in the translation. You also have an unfortunate tendency to tune others out during a conversation and only focus on what you're saying. This is because of a certain insecurity you hold about your mental prowess. Once you become comfortable with yourself, you can reach out more effectively. Any work you can do with your hands appeals to you.
