Horoscope by Frances Drake

For Monday, Oct. 21, 1996

ARIES (March 21 to April 19)
It's easy for everything to fall into disrepair at home if you ignore things. It's just that there's so much to do. Apply yourself to one task at a time.

TAURUS (April 20 to May 20)
Work has to take precedence over a planned social activity. You and a loved one experience a mix-up in communications. Time by yourself is inspirational in the evening.

GEMINI (May 21 to June 20)
Reaching financial agreements is difficult and not particularly favored. A family concern has you preoccupied. However, a friend has words of encouragement and inspiration.

CANCER (June 21 to July 22)
Information received about a business venture is confusing. However, by day's end, you can sort everything out. Spend some time this evening planning your next step carefully.

LEO (July 23 to Aug. 22)
You're upset by changes in social plans and could decide to bow out altogether. A relative isn't apt to see your viewpoint. Evening hours are insightful concerning finances.

VIRGO (Aug. 23 to Sept. 22)
You are overextended at work and need to prioritize your activities. A bigwig is looking on in disapproval. The evening finds you bursting with creative energy and enthusiasm.

LIBRA (Sept. 23 to Oct. 22)
You and your significant other are at cross purposes and can't seem to get together. However, a niggling business concern is resolved by day's end. Finances improve.

SCORPIO (Oct. 23 to Nov. 21)
This isn't the time for reaching financial agreements since you face some unexpected expenditures. However, this evening, romance and happy times with friends are happily highlighted.

SAGITTARIUS (Nov. 22 to Dec. 21)
Your work progress is slowed down by minor details. Don't let this get to you. Evening hours are brightened by a visitor from a distance who has some welcome news concerning a family matter.

CAPRICORN (Dec. 22 to Jan. 19)
You're at your creative best that leads to a major breakthrough on the job. A friend's unkind remarks take you by surprise and result in hurt feelings. In general, social life doesn't live up to your expectations.

AQUARIUS (Jan. 20 to Feb. 18)
A delay in a business venture is quite possible. However, don't complicate it by slackening up on your efforts. Given the circumstances, apply yourself and do the best you can.

PISCES (Feb. 19 to March 20)
You want to be reclusive but you won't get as much time alone as you'd like. Interruptions will rule the day. Later on, a partner offers a fresh perspective.

YOU BORN TODAY are not one to take what's being said at any given time as gospel. You have the need to verify things and want to satisfy yourself as to how things really are as opposed to how they seem. This natural suspicion and curiosity give you a flair for police work, particularly detective work, or scientific or medical research. You have good instincts about people and you forge relationships that last throughout your lifetime.
