Horoscope by Frances Drake

For Wednesday, Oct. 30, 1996
ARIES (March 21 to April 19)
Familiar haunts beckon for pleasure pursuits. However, the search for new thrills could lead to unwise expenditures. Stay away from gambling or investment speculation.
TAURUS (April 20 to May 20)
Seclusion or private pursuits are best. Your anger won't rectify a difficult situation with a relative. The evening is not favored for having company over.
GEMINI (May 21 to June 20)
This is definitely a time to think about financial questions, but not to put your plans into action. You could be making a big mistake. An older, wiser relative has good advice concerning this situation.
CANCER (June 21 to July 22)
Willpower is fine, but it becomes "won't power" if you hold fast to your position in dealings with close ties. Be willing to compromise. Once you do, an acceptable solution is achieved.
LEO (July 23 to Aug. 22)
The "same-old" is not for couples. Doing something special means doing something new. It's a good time for heart-to-heart talks and decision-making once the sun sets.
VIRGO (Aug. 23 to Sept. 22)
The accent is on sharing, but you'll also be investigating new ways to increase income. Accept an unusual opportunity. A pressing assignment comes to you late in the day.
LIBRA (Sept. 23 to Oct. 22)
It's love at first sight for some of you, but otherwise, it's a low-key day. Keep career developments confidential. Luck is with you if you can keep to your own counsel.
SCORPIO

(Oct. 23 to Nov. 21)
Although the social scene is promising in many ways, you're not sure about a potential romantic interest. Unexpected company could drop by. Prepare for this eventuality.
SAGITTARIUS (Nov. 22 to Dec. 21)
A partner would appreciate your company at a social event. It's not a time to become financially involved with friends. Someone you lend money to could default on that loan, leaving bitter feelings.
CAPRICORN (Dec. 22 to Jan. 19)
Fulfill current assignments before taking on new obligations. Some propositions voiced need careful scrutiny. Don't be taken in by a charming beguiler.
AQUARIUS (Jan. 20 to Feb. 18)
After completing some self-appointed tasks, you may not know what to do with yourself. Don't dwell on an old resentment. Instead, use time alone constructively.
PISCES (Feb. 19 to March 20)
You make your best impression early in the day. Allow a child time to find his or her own standards. Neither be overly protective nor too demanding.
YOU BORN TODAY can get by on your wits, though you usually have a strong sense of commitment and responsibility. Not always sure of yourself, you tend to have trouble making decisions if in a position of authority. In intellectual areas, though, you're confident and in your element. You're happiest when you have many tasks to occupy your time. Dramatic by nature, you can make a success in the arts or show business.
