THE MIND OF AN ENGINEER AND THE SOUL OF AN ENTREPRENEUR

If that's you, you need to be at Sapient

A fast-growing firm that develops client/server and Internet-enabled software applications, Sapient needs **Client/Server Developers** to help solve critical business problems for Fortune 500 clients in **San Francisco, Boston, Chicago, Atlanta** and the **New York** area.

In this position, you will be heavily involved in open systems development, using your communication skills and creativity to work effectively with clients to solve their business problems. In addition, you will use the following technologies: C, C++, CORBA, ORACLE, Sybase, Informix, HTML, Java, Perl, PowerBuilder, SmallTalk, Tuxedo, Visual Basic, UNIX, Windows NT, Windows '95, and others. This position will put you on the fast track to becoming a Lead Developer and ultimately a Client/Server Architect.

A publicly-traded company (NASDAQ: SAPE) with a strong track record of growth, Sapient offers competitive salaries and benefits, as well as performance and stock incentives. The company also provides an unequalled opportunity to work with some of the best minds in the business, as well as the latest industry-proven technologies.

If you're ready to accelerate into the fast lane, send or fax your resume and a cover letter indicating your location preference, to:

Kara Thomas, Sapient Corporation, Dept. UOI,
580 California Street, 4th Floor,
San Francisco, CA 94104
Fax: 415-263-4020 E-mail: UOI@sapient.com
