This is so good, we just had to say something. Our College Agent Program recently joined the distinguished list of the ten best internships in the nation. Of course, our interns already know what a good thing we have going. Since our

program began in 1967, over 11,000 students have gained actual business experience working with us, and one out of every three continues with the Quiet Company upon graduation. Now there's something to really shout about.

An informational seminar will be held on
 Tuesday, January 28 from 6-7 pm in Century E.
