**OUR WORLD**

Union Carbide has earned praise from the financial community and the business press for early wins in a drive to be the low-cost and preferred supplier of certain chemicals. Victories include reduced selling and administrative costs, breakthrough ways of making products, and a changing culture that celebrates employee initiative. Worldwide in scope, employment totals in excess of 15,000 people.

**OUR VISION**

Welcome to Union Carbide Crystal Products. A quality company focused on providing products and services that continually meet customer expectations.

**OUR CAREERS**

Electrical Engineers  
Mechanical Engineers  
Quality Assurance Engineers

**OUR FUTURE**

Our future depends on the individuals who make our organization work. At UCCP, we recognize that we cannot survive on systems. We survive on ideas; ideas from creative people finding a need and filling it. If you are such a person, we'd like to talk to you.
