Horoscope by Frances Drake
For Friday, Jan. 31, 1997
ARIES
(March 21 to April 19)
You could have some regrets about a turn of events with your career, yet new horizons also await you. The future looks promising as you let go of the past. Your significant other has good advice in this area.
TAURUS
(April 20 to May 20)
Keep yourself mentally occupied to avoid a tendency to start day-dreaming. A problem with a co-worker still gets to you. Quiet pursuits are best, especially in the evening.
GEMINI
(May 21 to June 20)
Friends are very important to you and you could feel that one of them has let you down. Prospects for career success should galvanize you into action. Evening hours are good for quiet activities.
CANCER
(June 21 to July 22)
What should be a good time with friends could be marred by someone's angry outburst. Let cool heads and logic prevail. Then understandings will be reached.
LEO
(July 23 to Aug. 22)
Come to grips with how you feel in a romance. New career developments are promising, but avoid hasty moves. Be keenly observant and you'll know when to take action.
VIRGO
(Aug. 23 to Sept. 22)
A raise could be forthcoming, but you still feel a bit uncertain of either your position or your goals. Keep home life and business separate. Use evening hours to pay some attention to finances.
LIBRA
(Sept. 23 to Oct. 22)
Some face a disappointment in business, but it's not the end of the world. Regroup your forces. A nice invitation for travel or a date comes during evening hours.
SCORPIO
(Oct. 23 to Nov. 21)
You don't have to fight about it; you can talk it over. Cooperation is needed with close ties. Place less emphasis on "I" and more on "we."
SAGITTARIUS
(Nov. 22 to Dec. 21)
Remember to be compassionate when the sharp word could easily come to your tongue. Work goes well, but be less critical of close ties. Your peevish behavior is unbecoming.
CAPRICORN
(Dec. 22 to Jan. 19)
Everything must be spelled out in business, so take nothing for granted. Given the chance, others could take unfair advantage of your good nature. Don't sacrifice reason to impatience.
AQUARIUS
(Jan. 20 to Feb. 18)
A little hard work and self-discipline is all you need to turn creative stirrings into genuine accomplishments. The accent is on local travel and partnerships. After dark, a close friend confides a secret in you.
PISCES
(Feb. 19 to March 20)
Home is the center of activities. Both physical and mental pursuits will be part of your agenda. Also, attend to family responsibilities during evening hours.
YOU BORN TODAY are a good student of human nature and this quality will be the cornerstone of your success in life. You are often attracted to life in the theater because of your flair for the dramatic. However, you also need a stable home life in order to keep you well-grounded. Family is important to you, particularly children. A tendency to jump to conclusions is an obstacle.
