### Horoscope by Frances Drake

For Wednesday, Feb. 5, 1997

**ARIES**  
(March 21 to April 19)  
A new job assignment could come and you may get the chance to try your hand at something different in the line of work. Innovative ideas put you on top!

**TAURUS**  
(April 20 to May 20)  
You could be making plans for an unusual trip or something different in the way of entertainment. Some you deal with tend to exaggerate. However, you can discern this.

**GEMINI**  
(May 21 to June 20)  
Your chief danger is that you'll waste money in the pursuit of good times. Your expensive taste could lead to extravagance. Find something constructive to do with your time instead of shopping.

**CANCER**  
(June 21 to July 22)  
You can't call all the shots all the time. Try to be cooperative with others and listen to their ideas. A relative needs extra consideration from you during evening hours.

**LEO**  
(July 23 to Aug. 22)  
Errors in judgment are possible where money is concerned. Be careful that you don't misplace something of value. It's a grand time for socializing after dark.

**VIRGO**  
(Aug. 23 to Sept. 22)  
You could be too preoccupied with other matters to be effective in business early in the day. Clear your head. Later, your personality and charm will be a factor in your success.

**LIBRA**  
(Sept. 23 to Oct. 22)  
Self-discipline combined with initiative brings you progress on the job. There's a lovely accent on partnership interests after dark. Enjoy happy times.

**SCORPIO**  
(Oct. 23 to Nov. 21)  
There's a favorable accent on both work and play. You'll take the lead in planning good times and new opportunities await you on the job at present.

**SAGITTARIUS**  
(Nov. 22 to Dec. 21)  
You need to think twice about business propositions made to you. If it's not actual deception involved, then there's something you're not seeing clearly.

**CAPRICORN**  
(Dec. 22 to Jan. 19)  
It's important that couples are open and honest with each other. Keeping things to yourself could lead to the possibility of a future misunderstanding.

**AQUARIUS**  
(Jan. 20 to Feb. 18)  
There could be some minor upsets at home early in the day, and you'll find yourself going out for good times. This is a welcome respite from trivial aggravations. Romance is a plus.

**PISCES**  
(Feb. 19 to March 20)  
Minor strain could exist with an in-law. However, it's a wonderful time to invite others over. Guard against an unwise use of credit and enjoy domestic interests.

**YOU BORN TODAY** are both idealistic and practical. You have a good understanding of human nature and can succeed in such fields as writing, psychology and counseling. You have a flair for the dramatic and can succeed in show business. A progressive thinker, you can make original contributions in the world of ideas. At times you can become restless and need to stick with what you start.
