Horoscope by Frances Drake

For Tuesday, May 6, 1997

ARIES
(March 21 to April 19)

You have a good head for facts and figures. A career opportunity could drop into your lap. Your intuition gives you the proper timing with close ties.

TAURUS
(April 20 to May 20)

Don't be taken in by a newcomer's charm in either business or friendship. You don't have to be suspicious, but ready acceptance is not the answer either.

GEMINI
(May 21 to June 20)

Avoid business involvements, especially where friends are concerned. Put less emphasis on superficial things and more on the spiritual side.

CANCER
(June 21 to July 22)

Costs are a consideration regarding a proposed trip. If you don't have the answers you need in business, you'll just have to wait. Don't become unduly impatient as a result.

LEO
(July 23 to Aug. 22)

Try to find a middle ground between being suspicious and trusting. Getting along with others requires some effort on your part. Someone close to you tries your patience.

VIRGO
(Aug. 23 to Sept. 22)

You're in the mood to expand your horizons through travel or education. Some plans involve children. Prospects on the job look glorious.

LIBRA
(Sept. 23 to Oct. 22)

Although a long-range career plan looks promising, you're feeling the heat of competition. Not all the information you receive is reliable. Conflict is likely on the home front.
