**Horoscope by Frances Drake**

For Tuesday, May 13, 1997

**ARIES**  
(March 21 to April 19)  
You're on top of things where job interests are concerned, but you could have misgivings about a certain relationship matter. Admit your mistakes. Others react favorably to honesty.

**TAURUS**  
(April 20 to May 20)  
One of your friendships gets stronger. An immediate task could be troublesome, but your prospects take a turn for the better, especially in business. Simply bide your time.

**GEMINI**  
(May 21 to June 20)  
You're all business, and you'll allow nothing to distract you from your goals. Hard work brings positive results. Be patient with higher-ups.

**CANCER**  
(June 21 to July 22)  
Taking a break and clearing your mind leads to insights. Capitalize on new opportunities. You could have mixed feelings about socializing. It's not the time to shine.

**LEO**  
(July 23 to Aug. 22)  
Although you shouldn't burn the candle at both ends, social visits prove rewarding. You make important progress with creative pursuits or a new area of study.

**VIRGO**  
(Aug. 23 to Sept. 22)  
You intensify your efforts to get ahead in life. A ticklish business situation requires your tact and diplomacy. You should sign a contract if offered a deal.

**LIBRA**  
(Sept. 23 to Oct. 22)  
Think twice before making a purchase, as you could have regrets later and a possible argument with a partner. Things basically go your way romantically.

**SCORPIO**

(Oct. 23 to Nov. 21)  
Strain could exist between a friend and a family member; don't put yourself in the position of having to choose between the two. Better that you observe quietly from the sidelines.

**SAGITTARIUS**  
Nov. 22 to Dec. 21)  
You're effective in presenting your ideas. While an exciting travel opportunity awaits you, there are still some obligations to be met before you can pack your bags.

**CAPRICORN**  
(Dec. 22 to Jan. 19)  
You have extra determination and drive. As a result, you're asked to take a leadership role on the job. If your ideas are implemented, they will lead to great success.

**AQUARIUS**  
(Jan. 20 to Feb. 18)  
You're likely to receive extra responsibilities in connection with a family matter. The day also brings important career developments. Explore another's innovative ideas.

**PISCES**  
(Feb. 19 to March 20)  
Financial prospects should improve. Getting an unfinished task out of the way will be easier than you had anticipated. Sometimes you have a tendency to become overly anxious.

**YOU BORN TODAY** have a heart of gold. While life isn't always kind to you, your tendency to rise to the occasion assures you happiness. You make an excellent parent since you have great rapport with children and can put yourself in their shoes. Career-wise, your potential is almost limitless. Actually, whatever field you choose in life tends to be successful. Since you possess such a wonderfully good-hearted nature, you need to steer clear of those who would take advantage of you.
