195 RECRUITING

Horoscope by Frances Drake

For Tuesday, June 3, 1997

ARIES
(March 21 to April 19)
You're looking at ways to improve a certain situation in your living quarters. However, it's not as bleak as you think. Try not to be so pessimistic.

TAURUS
(April 20 to May 20)
You're in an intellectual frame of mind. Perhaps a trip to a museum or library will sate you. Friends join in a lively conversation during evening hours.

GEMINI
(May 21 to June 20)
A welcome surprise comes to you through the mail. Share your good news with loved ones. Perhaps a celebration is in order later on.

CANCER
(June 21 to July 22)
Don't be tripped up by tasks you have left unfinished. Allow a co-worker or family member to help you out of your predicament. By day's end, you're satisfied.

LEO
(July 23 to Aug. 22)
You're not in the mood for book-keeping or checkbook balancing, but it's got to be done. By doing so, you could find a welcome surplus. If you do, resist spending it.

VIRGO
(Aug. 23 to Sept. 22)
While you're analyzing all the angles of a certain project, you're still missing an obvious facet. Open your mind so someone close to you can give you the answer.

LIBRA
(Sept. 23 to Oct. 22)
Others seek out your counsel since you can keep a secret. However, what you are told is difficult for you to keep to yourself. Avoid the temptation to share the news.

SCORPIO
(Oct. 23 to Nov. 21)
You face meetings, appointments and other demands on your time, and you can juggle it all. Later on, feel free to put cares aside and relax quietly.

SAGITTARIUS
(Nov. 22 to Dec. 21)
It might be a good time to take up a new area of study. Research matters are favored. Try to be more confident. Of late, you have had a tendency to sell yourself short.

CAPRICORN
(Dec. 22 to Jan. 19)
An unexpected source has a business proposition for you. Examine all aspects of it. What's required of you could be too much. Be diplomatic.

AQUARIUS
(Jan. 20 to Feb. 18)
To say that you're busy is such an understatement, it's comical. You seem to be everywhere at once. You require much rest during the evening.

PISCES
(Feb. 19 to March 20)
By adopting a more-casual attitude with that certain someone, you've managed to penetrate his or her armor. However, you still should exercise caution in what you say.

YOU BORN TODAY know how to manage your time. Punctuality could be your middle name; others know they can rely on you. You are trustworthy to boot. You would make an excellent teacher, cleric, airline pilot, mathematician or scientist. Some people perceive you as dull, but you have a wild side that you show to a select few.

Birthdate of: Hale Irwin, golfer; Larry McMurtry, writer; Tony Curtis, actor.
