Horoscope by Frances Drake

For Thursday, July 10, 1997

ARIES
(March 21 to April 19)
You're disappointed that a friend's plans to visit won't come to fruition any time soon. However, it's a great time for those in love. Watch after-dark overindulgences.

TAURUS
(April 20 to May 20)
You have a tendency to be overly sensitive and react unfavorably to things said in jest. However, it's a great day for getting your thoughts across to others. Entertain at home in the evening.

GEMINI
(May 21 to June 20)
Buying and selling are favored, particularly where real estate is concerned. A work colleague is touchy. However, it's generally smooth sailing where career interests are concerned.

CANCER
(June 21 to July 22)
This is a favorable time for you business-wise. Be sure to capitalize on the opportunities that come your way. At night, try not to go overboard in spending on pleasure pursuits.

LEO
(July 23 to Aug. 22)
Couples reconnect, enjoying meaningful rapport. In general, it's a busy time socially. You sure are popular now!

VIRGO
(Aug. 23 to Sept. 22)
You make important contacts that aid you in making an important career decision. You could face extra home duties. Although it's a good time for shopping, there's no real need for it.

LIBRA
(Sept. 23 to Oct. 22)
Your communication skills are at a peak, so take advantage of this. There's a decided accent on romance. However, spend some time this evening in a heart-to-heart chat with

a family member.

SCORPIO
(Oct. 23 to Nov. 21)
A new interest captivates you in the weeks ahead. You patch up a difficult situation with a friend, which makes both of you happy. At night, couples share happy times together.

SAGITTARIUS
(Nov. 22 to Dec. 21)
At long last, you find a solution to that troublesome work concern. Social visits are favored, provided you don't burn yourself out. Try to preserve your energy.

CAPRICORN
(Dec. 22 to Jan. 19)
You achieve important mental accomplishments. Some are invited to a very exclusive get-together. At night, accent diplomacy in career dealings.

AQUARIUS
(Jan. 20 to Feb. 18)
Something that was of concern to you takes a turn for the better. New reading material fascinates you, but avoid shutting others out. The evening brings festive times.

PISCES
(Feb. 19 to March 20)
Couples are involved in major investment and financial planning. In general, the day brings positive career developments. However, it's best to stick to a behind-the-scenes approach.

YOU BORN TODAY know how to make money but you're not overly concerned with details. You see the big picture and then expect others to execute the small stuff. Some regard you as imperious as a result but soon realize you know how to lead and attain success for everyone involved. You are a perfectionist and expect others to be as well. In love, you sometimes feel misunderstood and underappreciated.
