Horoscope by Frances Drake

For Wednesday, Oct. 1, 1997

ARIES

(March 21 to April 19)

You overcome work-related difficulties by nightfall. You achieve a solution with a co-worker's help. Couples find themselves on the same romantic wavelength in the evening.

TAURUS

(April 20 to May 20)

Something on the back burner takes on new life. You are able to tackle a project at home without any major distractions. At night, recharge your batteries.

GEMINI

(May 21 to June 20)

You could be too stubborn with loved ones and too accommodating with higher-ups. A matter left over from yesterday is successfully resolved. Enjoy your little triumph.

CANCER

(June 21 to July 22)

You come up with money-making ideas. Guard against tendencies to be critical of others and to be extravagant. You're not exercising your usual good judgment.

LEO

(July 23 to Aug. 22)

You do well in the public eye. Public speaking is favored, as is participation in group affairs. Partners support your interests during evening hours.

VIRGO

(Aug. 23 to Sept. 22)

A staid get-together proves to be more fun than you had anticipated. In fact, you could meet someone who appeals to you strongly. Welcome new friendships.

LIBRA

(Sept. 23 to Oct. 22)

Accounting, taxes and the woes of the world could be on your mind, but you're still able to make some financial gains. Combine business and pleasure to your advantage.

SCORPIO

(Oct. 23 to Nov. 21)

Buying and selling are favored. New chances to improve income arise. Talks with higher-ups lead to important career developments, so feel free to forge ahead.

SAGITTARIUS

(Nov. 22 to Dec. 21)

You're anxious to put a new domestic plan in motion and consequently could overlook some important details. Evening hours accent relations with friends.

CAPRICORN

(Dec. 22 to Jan. 19)

Maintain peace at home. You could be taking something for granted. Stay on your toes and keep in touch with those business colleagues who can help you.

AQUARIUS

(Jan. 20 to Feb. 18)

Don't back a higher-up into a corner. You could volunteer for an assignment in connection with a club. Romance and dating are favored for evening hours.

PISCES

(Feb. 19 to March 20)

The personal touch brings you career gains, but business and pleasure probably don't mix well after dark. Try to avoid a friend whose behavior has been unpredictable of late.

YOU BORN TODAY have a strong need for emotional and financial security. You can be highly emotional at times and coldly logical and calculating at other times. You can succeed in public life and are likely to get involved in humanitarian endeavors. Your intuition could lead to original accomplishments in the arts. Your home life is important to you, and you work hard at making it a happy one.
