CINDERELLA BUSTS PRINCE CHARMING

Horoscope by Frances Drake

For Tuesday, Oct. 21, 1997

ARIES (March 21 to April 19) A pleasure engagement may have to be put off because of pressing work concerns. Anyway, too much is on your mind for you to be the best of company.	SCORPIO (Oct. 23 to Nov. 21) There's too much left unsaid between you and a close tie. Laying your cards on the table can be done without issuing ultimatums or making demands. Exercise candor.
TAURUS (April 20 to May 20) Concern about a relationship with a friend could undermine work efficiency. Things have gone on long enough. Come to terms with problems with assigned duties.	SAGITTARIUS (Nov. 22 to Dec. 21) The workload seems heavy. Moods and sensitivities will have to take a back seat to the job that needs to be done. Be less concerned about ego requirements.
GEMINI (May 21 to June 20) There's so much you'd like to say to a close tie, but you could be somewhat locked into yourself. Getting your head straight remains your priority.	CAPRICORN (Dec. 22 to Jan. 19) It seems as if your duty does lie with a partner, but there could be some strain about a proposed expenditure. Do what you can to minimize stressful relations.
CANCER (June 21 to July 22) You're probably not as outgoing as you'd like to be. You're right to cut down on being extravagant. You don't, however, have to become a martyr.	AQUARIUS (Jan. 20 to Feb. 18) You're not likely to work out the best deal regarding business interests and loans. Necessity may dictate some compromises. Scrutinize the fine print.
LEO (July 23 to Aug. 22) Serious thought must be given to the costs involved with a trip. Economy and prudence are key words for the day. For some, it's an educational matter that causes concern.	PISCES (Feb. 19 to March 20) Travel for business reasons doesn't sit well with a family member. For some, it's a problem with in-laws that arises. Company would be an inconvenience for the time being.
VIRGO (Aug. 23 to Sept. 22) You could be very distracted early in the day, causing some confusion. Concentration is needed to sort the wheat from the chaff, the relevant from the superfluous.	YOU BORN TODAY are both ambitious and community-minded. You might foster political ambitions and be drawn to a career service. You'd make a good patron of the arts and may be artistically talented yourself. Home is important to your happiness like many members of your sign. You thrive on large enterprises and may be somewhat acquisitive. Law, medicine and music may also appeal to you.
LIBRA (Sept. 23 to Oct. 22) As much as you would like to have company over, it may not be fair to a family member. What's fair to you is likely a secondary consideration at the moment. You are up to this challenge.	Birthdate of: Ursula LeGuin, author; Carrier Fisher, actress; Joyce Randolph, actress.
