Horoscope by Frances Drake

For Monday, Jan. 5, 1998

ARIES

(March 21 to April 19)

You're not in the mood to listen to co-workers' moans and groans. Try to steer clear of them. You have enough to tend to without having your ear bent for most of the day.

TAURUS

(April 20 to May 20)

You're enthusiastic and eager to tackle new challenges. Fortunately, you are more than able to deal with them these days. Don't let doubting Thomases hold you back.

GEMINI

(May 21 to June 20)

You feel settled into your regular routine. In fact, you embrace the normalcy after all the recent celebrating. Try to stay focused on the job at hand.

CANCER

(June 21 to July 22)

A minor emergency comes up at work during the morning. You and your co-workers tend to the inevitable clean-up. By day's end, everything is back to normal.

LEO

(July 23 to Aug. 22)

Be sure you return those client phone calls. One in particular could have long-term value to your career. A family member has good advice.

VIRGO

(Aug. 23 to Sept. 22)

You're a bit out of sorts early in the day. However, by afternoon, the dark clouds are dispelled. When you think about it, you have much to look forward to in the new year.

LIBRA

(Sept. 23 to Oct. 22)

It's a good time to satisfy your aesthetic side. Perhaps a new painting or objet d'art would fit the bill. In

general, you have a productive day.

SCORPIO

(Oct. 23 to Nov. 21)

A bigwig is being particularly abrasive, and you don't like it. Think before you speak. A word or two said in anger could have long-lasting implications.

SAGITTARIUS

(Nov. 22 to Dec. 21)

While you've just begun to get back into your regular schedule, you feel the need to break up the monotony. That would not be wise. There's too much post-holiday work to do.

CAPRICORN

(Dec. 22 to Jan. 19)

You're apt to hear something you don't like. However, consider who's spreading the rumor. Credibility is a big question. At night, relax if you can.

AQUARIUS

(Jan. 20 to Feb. 18)

A project you'd looked forward to starting is short-circuited, as something of a more immediate nature crops up. First things first.

PISCES

(Feb. 19 to March 20)

While performing routine tasks, you have some time to think about your recent behavior. Happily, you reach a conclusion and are able to make the necessary changes.

YOU BORN TODAY

generally leap before you look. Some view that as courageous, but it generally leads to trouble for you. Once you learn how to assess situations before taking action, you are more successful. Fields of interest include law enforcement, zoology and transportation. Family life anchors your existence.

Birthdate of: Pamela Sue Martin, actress; Diane Keaton, actress; Chris Stein, guitarist.
