Horoscope by Frances Drake

For Thursday, Jan. 15, 1998

ARIES

(March 21 to April 19)

The up all those loose ends or you might find yourself getting entangled in them. You will have a propensity toward lethargy, but shake yourself out of it and get going. Others will be motivated by your energy.

TAURUS

(April 20 to May 20)

True to your nature, you are having trouble committing yourself to that new venture that could bring you additional revenue. However, take the time you need and don't be forced into making hasty decisions.

GEMINI

(May 21 to June 20)

Your temper has been flaring lately, but that's no excuse to lash out at others irrationally. Words you say won't easily be forgotten. If you must express your anger, remember to direct it toward the action, and not the person.

CANCER

(June 21 to July 22)

You're not likely to get the support you need because you've been too indecisive about where you stand. Listen to co-workers' advice and you will find the answers. Use practicality.

LEO

(July 23 to Aug. 22)

You're planning some very special, romantic activities, but take care not to be too extravagant. Although you would love to wallow in the lap of luxury, now is not the time. A family member is giving you cause for worry.

VIRGO

(Aug. 23 to Sept. 22)

You've been using that famous intellect much too much lately. Remember that rationalizations often mask the emotions behind them. Use some time alone and you will start thinking more clearly.

LIBRA

(Sept. 23 to Oct. 22)

You're wearing thin on patience because things aren't getting done as quickly as you'd like. Remember that you have a tendency to move rather slowly, so try to ease up. This is not the time to insist on getting

your own way.

SCORPIO

(Oct. 23 to Nov. 21)

You are suffering from the delusion that you will impress others with your big spending ways. Continue to do this and you will find yourself more deeply in debt than you can handle.

SAGITTARIUS

(Nov. 22 to Dec. 21)

You've been thrown some curves lately and don't know how to deal with them. To add to that, you've been worrying far too much. Try to be less anxious and you will be able to return to your efficient self.

CAPRICORN

(Dec. 22 to Jan. 19)

Don't expect too much from others, as they will not be able to live up to their commitments. Take it in stride, since this phase passes quickly. A gabby co-worker tends to annoy.

AQUARIUS

(Jan. 20 to Feb. 18)

You have a strong urge to trip the light fantastic, but try to resist, or at least exercise moderation. Excess partying will only drain your energies and could result in illness. If you want to socialize, consider doing it at home.

PISCES

(Feb. 19 to March 20)

You won't find yourself as motivated to accomplish tasks as you should be. Since you have some very specific goals in mind, utilize some extra discipline with yourself and get going. Remember to tackle one chore at a time.

YOU BORN TODAY are more prone to be serious than lighthearted. It seems the problems of the world rest on your shoulders. However, it's not that you're a pessimist, you merely want to solve some of mankind's problems. Eventually, you choose a field in which you can do this, such as social work, psychology or medicine. Friends and family are fiercely devoted and protective of you.
