Horoscope by Frances Drake

For Friday, Feb. 6, 1998

ARIES

(March 21 to April 19)

You exchange unpleasant words with a loved one early in the day.

However, don't let that color your entire outlook. The two of you soon make up.

TAURUS

(April 20 to May 20)

You've rolled up your sleeves and pitched in, and the project is coming along remarkably well. Guard against overworking yourself, however.

Set a reasonable pace.

GEMINI

(May 21 to June 20)

You are puzzled by your mate's behavior. If you're honest with yourself, you realize how you've contributed to his or her insecurity. Try to rectify that.

CANCER

(June 21 to July 22)

While your mind is on upcoming weekend events, pay attention to an important work assignment. If you execute it well, you could wind up with a promotion or a raise.

LEO

(July 23 to Aug. 22)

You demonstrate your value to bigwigs. You can do so in such a way that it could not be construed as boastful or abrasive. Make the most of your communication skills.

VIRGO

(Aug. 23 to Sept. 22)

Taking a stand with those in authority does not put you in jeopardy. Instead, you impress the bigwigs with your firm beliefs. Later in the day, harmony takes precedence.

LIBRA

(Sept. 23 to Oct. 22)

Unfortunately, some energy you expend at work early in the day is wasted. Later in the day, you are likely to start over. By day's end, you're exhausted but satisfied.

SCORPIO

(Oct. 23 to Nov. 21)

Alone one surprises you with some out-of-character criticism. Some time alone leads you to the conclusion that you deserve those sharp words. Plan a romantic evening to make amends.

SAGITTARIUS

(Nov. 22 to Dec. 21)

While you're exchanging social amenities with an acquaintance, avoid a tendency toward name-dropping. Who you know isn't as important as what you know.

CAPRICORN

(Dec. 22 to Jan. 19)

You feel a bit out of place at a social outing. It strikes you that perhaps you're getting a bit too old for such antics. Retiring to bed early would be a good idea.

AQUARIUS

(Jan. 20 to Feb. 18)

Travel is in the stars for singles. Couples find solace in time spent together at home. Family life in general is accented, especially in the evening.

PISCES

(Feb. 19 to March 20)

Once again, you're letting your temper get in the way. Instead of harping on what amounts to an insignificant issue, put it aside and tend to tasks at hand.

YOU BORN TODAY like to take charge in whatever situation presents itself. You can think well on your feet and make wise decisions. Blessed with a creative nature, you are attracted to the culinary arts, as well as painting and music. You might build a career in the hospitality industry or at a museum or a historic site. You are more comfortable in a small town than a big city.
