Horoscope by Frances Drake

For Tuesday, Feb. 10, 1998

ARIES

(March 21 to April 19)

There's no time for idle chitchat and your temper is a bit short. However, don't give in to that feeling of being swamped. Tackle a task at a time for ensured success.

TAURUS

(April 20 to May 20)

You're taken by surprise when a friend makes a very ugly remark about a mutual acquaintance. However, perhaps it's time you took off the rose-colored glasses regarding the person who could say such things.

GEMINI

(May 21 to June 20)

You feel a bit tired and run-down and should take steps to safeguard your health. There's a nasty bug going around. You wouldn't want to catch it.

CANCER

(June 21 to July 22)

Happily, you and a friend with whom you've had a recent disagreement make amends. However, you're right to maintain some distance. The two of you just can't spend too much time together.

LEO

(July 23 to Aug. 22)

You know better that good looks aren't everything. Thus, stop giving short shrift to someone whose intellect appeals, but whose looks aren't stellar. You're missing out on a romantic opportunity.

VIRGO

(Aug. 23 to Sept. 22)

You're in the middle of that family battle, but you'd do well to remember that you're the one who stirred up the pot. It's not too late to make amends, but do so sincerely.

LIBRA

(Sept. 23 to Oct. 22)

A close relative is behaving in a juvenile fashion, grating on your nerves. However, you can't change

this person. Allow love and compassion to rule.

SCORPIO

(Oct. 23 to Nov. 21)

Some demands you're making on a friend are just impossible to fulfill. Lighten up. If you keep pushing, you could jeopardize the relationship.

SAGITTARIUS

(Nov. 22 to Dec. 21)

It's a good idea to look to the future, but not too far forward. Deal with what's happening in a realistic manner. Opportunities abound for career success.

CAPRICORN

(Dec. 22 to Jan. 19)

You're in a bit of a reclusive mood and want nothing more than time by yourself. This is only possible if you complete all tasks at hand. Thus, you wait until evening hours.

AQUARIUS

(Jan. 20 to Feb. 18)

A pleasant midday social outing is a welcome respite from the job. However, don't let this stretch into late afternoon. You still have duties to fulfill.

PISCES

(Feb. 19 to March 20)

A change of work hours has you a bit out of sorts. However, this is only temporary. Soon enough, you're back on your regular schedule.

YOU BORN TODAY love to explore and research the world around you. Early on, you are interested in science, astronomy and archaeology. Intrigued by new theories, you read all you can about them. You also have a wonderful aptitude for computer technology and could pursue that field. Despite your high-minded interests, you are still very much a people person. You're very much at home at the center of a crowd.
