Horoscope by Frances Drake

For Monday, April 6, 1998
ARIES
(March 21 to April 19)
You're good at handling the details of the job, but not as effective in dealing with higher-ups. It is no time to ask for special favors. Take a low-key approach.
TAURUS
(April 20 to May 20)
Partners see eye to eye. Your friends aren't amenable to financial requests. There might be some inner anger that you need to put into perspective. Some time alone helps.
GEMINI
(May 21 to June 20)
You make some progress in business, but watch out that impatience doesn't undermine your success. If inhibitions surface after dark, don't let them deter you.
CANCER
(June 21 to July 22)
You could be edgy about money. Your intuition helps you out of a jam. You tend to sell yourself short. Share ideas with friends, and enjoy lively conversations.
LEO
(July 23 to Aug. 22)
Don't rush into a business agreement. Slow down long enough to think things through. Preoccupation with problems hampers evening socializing.
VIRGO
(Aug. 23 to Sept. 22)
Morning hours are best for communicating. Later, you could be cranky with either friends or relatives. Try to use leisure time constructively.
LIBRA
(Sept. 23 to Oct. 22)
The gentle approach is best with children. Exercise compassion. Although romance is favored, domestic

concerns take priority after dark.
SCORPIO
(Oct. 23 to Nov. 21)
Don't let agitation on the job make you lose your cool. You need to be calm to think correctly. Your creativity is sparked. It's not the best time for dating.
SAGITTARIUS
(Nov. 22 to Dec. 21)
Your judgment is sound when shopping. Turn your sensitivity outward so you can know when a close tie is not in the mood for conversation. Try to stop worrying about work.
CAPRICORN
(Dec. 22 to Jan. 19)
You shine in creative areas. You need a more-practical approach at home, however. Avoid sharp remarks and arguments about money.
AQUARIUS
(Jan. 20 to Feb. 18)
A loved one doesn't live up to your ideal. Logic brings domestic solutions. A co-worker is touchy and easily provoked, so don't force issues.
PISCES
(Feb. 19 to March 20)
It's better to read between the lines rather than risk direct confrontation in business. Otherwise, the afternoon would bring regrets. Be astute.
YOU BORN TODAY have a natural facility with the written or spoken word. Personal contacts often are helpful to you in business. You can succeed in such fields as advertising, banking, publishing, sales and promotional work. You need to guard against laziness and self-indulgence. You have strong convictions, however, and often choose a creative medium through which to express them.
