Horoscope by Frances Drake

For Wednesday, April 22, 1998
ARIES
(March 21 to April 19)
Although business ideas could excite you, a relative might wish that you change the subject. It's not the best time for entertaining others at home. Try to restore domestic harmony.
TAURUS
(April 20 to May 20)
Children and friends compete for your time. Refrain from mixing business and pleasure after dark. A friend's remarks could seem inappropriate.
GEMINI
(May 21 to June 20)
Work plans probably will go amuck if you don't pay close attention to details. You could become downhearted if someone criticizes your performance. Get as much rest as you can.
CANCER
(June 21 to July 22)
There's nothing wrong with your quest for new horizons, but don't let an independent attitude lead to difficulties with close ties. Others are willing and able to help.
LEO
(July 23 to Aug. 22)
Your judgment could be off about financial matters, and you could find yourself in a squabble about them. Put off important decisions. Let the dust settle.
VIRGO
(Aug. 23 to Sept. 22)
Although your thinking is original, it's a poor time to get feedback from others about your ideas. Avoid power politics about monetary interests.
LIBRA
(Sept. 23 to Oct. 22)
The unexpected could throw you off your schedule, and then you're in danger of getting overly concerned

about minute details. Try not to be obsessive.
SCORPIO
(Oct. 23 to Nov. 21)
Spur-of-the-moment outings are fun, but do check on some basic facts, such as the restaurant's hours. A boastful friend could get on your nerves.
SAGITTARIUS
(Nov. 22 to Dec. 21)
By the time you get around to making up your mind, half the day might have slipped away. Your malaise affects your work and your play.
CAPRICORN
(Dec. 22 to Jan. 19)
You and a partner want to keep each other guessing. You don't take kindly to critical advice. In other words, you are in an irritable mood.
AQUARIUS
(Jan. 20 to Feb. 18)
It is one of those days when money could slip from your fingers. Minor expenditures could mount up. Avoid quarreling with others, too.
PISCES
(Feb. 19 to March 20)
Signals could be crossed with others. Either appointments are not kept or misunderstandings arise over little things. You hear from someone unexpectedly.
YOU BORN TODAY like to take chances, although you sometimes settle for what fate throws your way. You need an occupation that allows you freedom to express yourself. You shouldn't let yourself get into a rut. At the same time, you should guard against expediency. You're a natural for show business and also might be drawn to brokering. You can successfully commercialize your talents, and can bring out the best in others.
