Horoscope by Frances Drake

For Friday, June 5, 1998

ARIES
(March 21 to April 19)
It seems everyone's patience is in
short supply except yours. You are
the picture of serenity as you watch
everyone else panic. Later, you
soothe a child's fears.

TAURUS
(April 20 to May 20)
A glib comeback keeps that work-
place gossip in check. This person
realizes you're aware of what's re-
ally going on. In time, you'll happily
be left alone.

GEMINI
(May 21 to June 20)
You have a lot on your mind and
need some time to sort it through. If
possible, see if you can arrange some
time off from work. Evening hours
are somewhat hectic.

CANCER
(June 21 to July 22)
A disagreement with your mate is
likely. However, you can avoid this if
you keep your temper in check. Later,
try to get out for a romantic dinner,
just the two of you.

LEO
(July 23 to Aug. 22)
You're positively glowing because
of the praise a loved one has for you.
This bubbles over into your work
and you get much done. During
evening hours, you're free to simply
relax.

VIRGO
(Aug. 23 to Sept. 22)
You tear the house apart looking
for something important you've mis-
placed. Approach this search as
calmly as possible. Once you stop
panicking and start to think, you
find what you're looking for.

LIBRA
(Sept. 23 to Oct. 22)
A break in the action is just what
you need. You can recharge your
batteries and catch up on rest. In
fact, turning in early sounds like a
capital idea.
