Horoscope by Frances Drake

For Thursday, Oct. 1, 1998
ARIES (March 21 to April 19)
A good time to lay down solid groundwork for the future. Fortunately, you are feeling serene and centered enough to do precisely that.
TAURUS (April 20 to May 20)
Others may not be as thrilled about your plans to make sweeping changes as you think. It might be wise to store those ideas away until they're feeling more open-minded.
GEMINI (May 21 to June 20)
While you may not be able to change someone else's deep-rooted opinion, at least they'll finally be listening to you. A new path opens up before you.
CANCER (June 21 to July 22)
Issues around shared resources are first and foremost on your mind. A radical idea suddenly seems like an extremely plausible course of action.
LEO (July 23 to Aug. 22)
Being fixed in your opinions will close you off to some marvelous options. Don't be afraid of something that's merely unfamiliar.
VIRGO (Aug. 23 to Sept. 22)
Offering to help a friend in need puts you in the middle of a strange situation. You will need to employ diplomacy and tact to escape unscathed.
LIBRA (Sept. 23 to Oct. 22)
Implement new systems that will increase your creativity. Your friends and family will be amazed at your

originality.
SCORPIO (Oct. 23 to Nov. 21)
A mini-vacation is all that you need to put you back in your usual good spirits. Drag a good friend along with you, and indulge in some harmless good times.
SAGITTARIUS (Nov. 22 to Dec. 21)
Take care of those communication-related matters that you've been hanging. Keep your sense of humor handy and ready to use.
CAPRICORN (Dec. 22 to Jan. 19)
Think extravagantly, but spend modestly. You'll soon be glad that you saved your pennies for something more worthwhile than that impulse buy.
AQUARIUS (Jan. 20 to Feb. 18)
For once, your strong sense of discipline might be working to your disadvantage. Let loose and have a little fun instead of worrying so much.
PISCES (Feb. 19 to March 20)
Your many thoughts and ideas are making it quite difficult to focus. A friend can provide a much-needed reality check.
YOU BORN TODAY Domestic security is more important to you than you'd like to admit. However, when you allow yourself to take a risk, you are generally pleasantly surprised. You strive to achieve harmony and balance in all your personal relationships.
Birthdate of Julie Andrews, actress; Jimmy Carter, politician; Walter Matthau, actor.
