training for the running scenes. What results is a flawless portrayal of Pre.

Sutherland also seizes his role as Bowerman. Sutherland accurately depicts Bowerman's determination as a coach and his love for the sport.

Monica Potter ("Con Air") plays the role of Mary Marckx, Pre's girlfriend. Potter portrays Marckx as naive yet headstrong, an understanding companion to the complex Pre.

The story behind "Without Limits" occurred almost a quarter-century ago and may not be widely known outside the Eugene area. However, with Cruise as co-producer, it should gain attention.

This is a film not just about Prefontaine and running but about the inner drive to succeed at whatever cost. It is not just a movie for sports fanatics, but for anyone who's ever wanted to accomplish a goal. The film opens Oct. 9 in Portland. There is no current opening date for the film in Eugene.
