Horoscope by Frances Drake

For Monday, Oct. 5, 1998

ARIES
(March 21 to April 19)
Strength and fortitude make anything you want to happen to work in your favor. Try something new and crazy and success is yours, if you've got the gumption.

TAURUS
(April 20 to May 20)
Getting caught up in the hustle and bustle isn't a wise maneuver, especially for your career. Keeping your nose to the grindstone is the best prevention.

GEMINI
(May 21 to June 20)
Good times are on their merry way, and you are just in the right mood to catch the wave. Getting a little nutty may just be the new flavor you've been looking for.

CANCER
(June 21 to July 22)
Covering your neck has suddenly become a top priority! Stay away from the hungry or angry lions, or they are likely to feed on your trepidation.

LEO
(July 23 to Aug. 22)
A competitive spirit may find you wanting to play the game, but not always winning. Avoid serious confrontations, as your battling skills are below normal.

VIRGO
(Aug. 23 to Sept. 22)
A fine box of chocolates is a well-deserved treat. Feeling selfish? Others are more tolerant of you than you'd expect. Don't allow your authority to go to your head.

LIBRA
(Sept. 23 to Oct. 22)
On the home front, issues are bubbling up all over the place. Don't allow relationships or home repair to get out of hand; a stitch in time saves nine.

SCORPIO
(Oct. 23 to Nov. 21)
Swing your megaphone and make sure that your message is coming across loud and clear. Leave no stone unturned when it comes to searching for errors.

SAGITTARIUS
(Nov. 22 to Dec. 21)
Setting large goals gives yourself plenty of room to achieve your dreams. Thinking large and living large are sometimes two unrelated tasks.

CAPRICORN
(Dec. 22 to Jan. 19)
The office doesn't provide its usual refuge. The workplace is just as hectic as your home life, thus both require your attention equally. Fix what's broken.

AQUARIUS
(Jan. 20 to Feb. 18)
Perhaps you don't know the people you're working with as well as you thought. A response or reaction may not be exactly what you expect.

PISCES
(Feb. 19 to March 20)
Authority issues and power struggles create problems, and you may find yourself caught in the middle. Know when to follow and when to lead the pack.

YOU BORN TODAY A sleek appearance and witty outlook are your forte. Others come to you for your advice and mellow outlook to calm them down. Don't allow this outer cool to make you aloof and cold on the inside. A moment of truth has always been worth more than a lifetime of scorn.
Birthdate of: Jeff Conaway, actor; Clive Barker, author; Bob Geldof, singer.
