Horoscope by Frances Drake

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth sign.

For Friday, Oct. 23, 1998

ARIES (March 21 to April 19)
If you continue to anticipate every argument, negotiations will continue to move slowly. Your valuable time might be worth a few concessions for a swift resolution.

TAURUS (April 20 to May 20)
A trusted family member or companion will be able to get you out of a little hot water. Take the measures necessary to prevent such a situation from reoccurring.

GEMINI (May 21 to June 20)
A passing interest manifests into an unexpectedly serious obsession. For once, past experience will have no bearing on new developments.

CANCER (June 21 to July 22)
The longer you postpone resolving an unpleasant issue, the more difficult it will become. As usual, honesty is your best policy.

LEO (July 23 to Aug. 22)
Once you've expressed your pent-up feelings, you'll be ready to go out and have some serious fun. A high level of shared confidence transpires with a near stranger.

VIRGO (Aug. 23 to Sept. 22)
The time has come to include someone else in your personal planning process. Make sure that you're not wasting energy trying to alter the inevitable.

LIBRA (Sept. 23 to Oct. 22)
Don't be perturbed if things don't go exactly as you had planned. This is a time to focus on the needs of friends, lovers, family and pets.

SCORPIO (Oct. 23 to Nov. 21)
Remember that it's difficult to recognize a pattern from passing glimpses. Withhold your judgment until you have undergone closer investigations.

SAGITTARIUS (Nov. 22 to Dec. 21)
While you may not second every motion put to the group, your sense of team spirit is in the right place. Others will soon appreciate your logic.

CAPRICORN (Dec. 22 to Jan. 19)
Distractions may overwhelm your recent sense of resolve. Don't be too hard on yourself. A vacation is sometimes just as vital to your vocation.

AQUARIUS (Jan. 20 to Feb. 18)
Remember that the rules do not have to be carved in stone. Sometimes flexibility and spontaneity are the necessary means to achieving your end.

PISCES (Feb. 19 to March 20)
A mystery is finally solved, and with this comes great personal relief. Your biggest problem will now lie in making a final commitment.

YOU BORN TODAY While you strive to be fair and just in all decisions, your habit of seeing the world through rose-tinted glasses can lead you to be hypercritical of others. You excel in creative areas, as you possess a unique imagination and flair.
