Volume 100, Issue 39

This Homecoming weekend marks a different sort of return for alumni from the Oregon Daily Emerald.

Those who gave hours of their college careers to the newspaper are coming to the University to celebrate our 100th year of publication.

We at the Emerald wanted to share with you, our readers, a bit of the newspaper's history and its place in the University and Eugene communities during the past 100 years.

An Independent Newspaper

Oregon Daily Emerald

Weather forecast: Partly cloudy, High 65, Low 45. Wind: Light. Fog: None.

OSPARG seeks re-establishment: The group hopes to gain student input on future newspaper development.

Women's soccer: Coach could see other post-Portland team.

Congress OKs lower interest rate on loans: Students with consolidated loans benefit from 3% rate hike.

Duckfest brings back swing: The party was a success, as they say, on Saturday night.

Health Center recommends that students get hepatitis vaccination: The number of reported cases in Lane County has increased, and age groups are at high risk.

Hepatitis in Oregon: Number of hepatitis A and B cases reported in Oregon from 1987 to 1997.

Year	Hepatitis A	Hepatitis B
1987	10	5
1988	15	10
1989	20	15
1990	25	20
1991	30	25
1992	35	30
1993	40	35
1994	45	40
1995	50	45
1996	55	50
1997	60	55
