Horoscope by Frances Drake

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth sign.

For Wednesday, Oct. 28, 1998
ARIES
(March 21 to April 19)
You feel revitalized by a conversation with a stranger. Give yourself a chance to discover inner resources you never thought you had.
TAURUS
(April 20 to May 20)
Jealousy casts an unwarranted shadow over a relationship. Don't be surprised if your actions are uncharacteristically wild.
GEMINI
(May 21 to June 20)
Someone new sparks your interest when you discover a common passion. Share an innovative idea with others and you are likely to be pleasantly surprised at their response.
CANCER
(June 21 to July 22)
Don't be too perturbed if a loved one seems distant and moody. They need to sort their problems out on their own, so a little time apart will be best for you both.
LEO
(July 23 to Aug. 22)
Face up to the reality of a situation and you'll instantly feel a whole lot better. It may be best to begin from scratch than to try to solve the impossible.
VIRGO
(Aug. 23 to Sept. 22)
Put your own needs aside should a good friend come to you in a crisis. Taking a new approach to a difficult task becomes necessary.
LIBRA
(Sept. 23 to Oct. 22)
Don't commit yourself to a project if you know that you don't really have the required resources. Take

minor irritations in your stride.
SCORPIO
(Oct. 23 to Nov. 21)
A family member or friend is likely to drag you into a debate you'd really prefer not to be a part of. Maintain your neutral stance at all costs.
SAGITTARIUS
(Nov. 22 to Dec. 21)
Remember that sometimes solitude is every bit as important as commitment to the group. Be sure to put your own needs first for a change.
CAPRICORN
(Dec. 22 to Jan. 19)
Trying to do too much at one time will only be counterproductive. Take the time to prioritize your obligations, then tackle just the first on the list.
AQUARIUS
(Jan. 20 to Feb. 18)
If your personal 15 minutes haven't come yet, they're likely to be just around the corner. Prepare yourself for the upcoming demands of the limelight.
PISCES
(Feb. 19 to March 20)
Don't be afraid to listen to your inner voice; it's likely trying to tell you something important. Find an excuse to get some much-needed rest.
YOU BORN TODAY While others sometimes consider your innovative ways of thinking to be outrageous at first, people generally come to appreciate your genius. Driven by ambition and ideals, you are quite prepared to fight for your causes. Just watch that tendency to be completely fixed in your opinions.
Birthdate of: Lauren Holly, actress; Curtis Lee, rock musician; Julia Roberts, actress.
