**Horoscope** by Frances Drake

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth sign.

For Wednesday, Nov. 4, 1998  
**ARIES**  
(March 21 to April 19)  
Learn to distinguish the things that you really need from the things that you want. Of course it's hard to tell, but you haven't even pondered the question for a while.  
**TAURUS**  
(April 20 to May 20)  
You have settled into an extremely comfortable spot, and are prepared to remain there for a while. Enjoy the good things you have, but don't expect perfection.  
**GEMINI**  
(May 21 to June 20)  
Nostalgia sets in and transforms you into a weepy sentimentalist. Go dig up the old pictures and love notes — you'll probably laugh at yourself through your tears.  
**CANCER**  
(June 21 to July 22)  
Allow everyone into your social circle for a change. You usually keep it exclusive, but you may enjoy the energy which new people can bring to the table.  
**LEO**  
(July 23 to Aug. 22)  
You are on some very tight timelines, and cannot afford the luxury of simply walking away from things that bother you. If you cannot ask others for help, at least don't chase them away.  
**VIRGO**  
(Aug. 23 to Sept. 22)  
Your subtle touch can turn a faulty and unreliable process into a smooth, ultraefficient mechanism. Show other people the value of organization.  
**LIBRA**  
(Sept. 23 to Oct. 22)  
It is not always possible for everyone in your vicinity to be happy, and you shouldn't try to make them so.

Instead, make yourself happy — within reason, of course.  
**SCORPIO**  
(Oct. 23 to Nov. 21)  
Censor your words and cloak your emotions in order to increase the comfort of people around you. A fiery outburst may intimidate people.  
**SAGITTARIUS**  
(Nov. 22 to Dec. 21)  
Bypass the quick fix and follow the proven method to success. Although the story of the tortoise and the hare is a bit cliché, it is something you'd do well to remember.  
**CAPRICORN**  
(Dec. 22 to Jan. 19)  
You find yourself speaking and moving with unusual grace and panache. People who have ignored you in the past suddenly look upon you with interest.  
**AQUARIUS**  
(Jan. 20 to Feb. 18)  
Take a minor risk to make life a little more interesting. "Minor" is the key word though; gamble with your laundry money instead of your savings account.  
**PISCES**  
(Feb. 19 to March 20)  
Physical things seem much more attractive than they had previously. It is not that the world has changed, but that you are looking at it in a different way.  
**YOU BORN TODAY** Resourceful and determined, you never let anything stand in your way for long. You know how to go with the flow of life — and at which point to break free. People look to you for leadership, but very few understand the depth of your emotions or the strength of your will.  
Birthdate of: Walter Cronkite, journalist; Matthew McConaughey, actor; Loretta Swit, actress.
