## Horoscope by Frances Drake

For Tuesday, Nov. 10, 1998

**ARIES** (March 21 to April 19)  
Others may remark that you're unstoppable as you plow through work and tedious tasks with admirable energy and aplomb, with plenty of go-power left over for nightlife.

**TAURUS** (April 20 to May 20)  
That famed Taurean stubbornness will serve you well now, when it seems that others are dumping their problems and work on your shoulders. Learn to say no to unreasonable demands.

**GEMINI** (May 21 to June 20)  
Dotting it's and crossing it's has never been your favorite task — the Gemini spirit is more inclined toward sweeping change and big ideas. Watch small details at this time.

**CANCER** (June 21 to July 22)  
Your supervisor at work or someone else in an authority position may pick you out of a group to tap you for an important or distinguished project. Enjoy the recognition and compliments.

**LEO** (July 23 to Aug. 22)  
Leo is in top form and finding success in every aspect of life. Your work is running smoothly, your romantic partner is blissfully content and fortune seems to be smiling on you.

**VIRGO** (Aug. 23 to Sept. 22)  
Small disagreements and irritating reversals may be your lot, but rest assured you'll sail through with that unflappable Virgo calm. Others will look to you in times of crisis.

**LIBRA** (Sept. 23 to Oct. 22)  
Some attention paid to planning your next move will pay off; don't be tempted to rush blindly into your next project or relationship. Better to calmly evaluate your options.

**SCORPIO** (Oct. 23 to Nov. 21)  
Home and work life may seem somewhat unsettled and you may get the distinct feeling that someone is getting ready to tell you something you don't want to hear.

**SAGITTARIUS** (Nov. 22 to Dec. 21)  
Errands, paperwork and taking care of details is no one's idea of a good time, but take advantage of downtime at work and home to smooth over future problems.

**CAPRICORN** (Dec. 22 to Jan. 19)  
An annoying friend or relative may tempt you into losing your temper. Laughing it off is your best bet; it's difficult to take issue with one so sunny as you.

**AQUARIUS** (Jan. 20 to Feb. 18)  
What you want may not be what's best. Remember that your choices affect others. See if you can find a middle ground that is the best situation for you and your loved ones.

**PISCES** (Feb. 19 to March 20)  
A co-worker or associate may be wishing to clear up conflicts and problems in your relationship. Make it easy by being approachable and understanding.

**YOU BORN TODAY** An unusually perceptive mind and extraordinarily clear vision will get you far in life; in fact, it may have already! You are a leader at work, at home and in your community, with others delighted to lean on your strengths and capabilities. Suitors are attracted to you in droves; you're in the lucky situation of having more invitations than time. Popularity is also your birthright at work, where co-workers and supervisors both enjoy your company and applaud your work. Your downfalls are tendencies to be somewhat cold and egotistical.  
Birthdate of: Roy Scheider, actor; Mackenzie Phillips, actress; Ann Reinking, actress.
