Horoscope by Frances Drake

For Thursday, Nov. 12, 1998

ARIES (March 21 to April 19)

An unquenchable need for order will drive you to organizing everything in sight — your closets, your workplace and every other aspect of your life.

TAURUS (April 20 to May 20)

Romance is on the rise, whether you're involved now in a romantic relationship or a single Bull looking for love. Do something delightfully romantic and it'll pay off almost immediately.

GEMINI (May 21 to June 20)

If you're not paying careful attention, you may miss the deeper meaning of a message. Look beyond the obvious and try to figure out more subtle nuances.

CANCER (June 21 to July 22)

You feel a bit enervated from recent events and are not yet ready to take on major responsibilities. Attending to the final details of past endeavors suits you now.

LEO (July 23 to Aug. 22)

Another's indiscretion may tempt you into allowing your true feelings to emerge, but remember that honesty is not always the best policy. Tact is your watchword.

VIRGO (Aug. 23 to Sept. 22)

Virgo finds it difficult to ask for recognition and praise, but this time you deserve it. You've done impressive things lately; don't be afraid to let others recognize that.

LIBRA (Sept. 23 to Oct. 22)

There may be some truth to the rumors swirling around the office now, but listening to gossip will only upset your normal calm. Ignore any disputes.

SCORPIO

(Oct. 23 to Nov. 21)

You cut an impressive figure at an important meeting and higher-ups are closely watching your progress. Modesty becomes you at this time.

SAGITTARIUS (Nov. 22 to Dec. 21)

Your strong opinions may cause resentment all around, so be sure to gently introduce any controversial plans. A willingness to shoulder responsibility is key.

CAPRICORN (Dec. 22 to Jan. 19)

Instead of moving ahead with future plans, take the time to discover why former efforts have failed. There is an important message in recent events.

AQUARIUS (Jan. 20 to Feb. 18)

While others stall on decisions and projects, you forge ahead courageously, impressing everyone who witnesses your admirable strength of purpose.

PISCES (Feb. 19 to March 20)

Plans may be stalled by poor communication, so listen carefully to what another is trying to tell you — even if the emotion is not expressed in words.

YOU BORN TODAY Not for you a supportive background presence — you're a ruler on the throne, a four-star general in any army, the person to listen to wherever you go. Others seem to accede to your charming force quite naturally; you seldom have to fight to get what you want.

However, when you do have to struggle, you wisely use your tact and wiles rather than confronting those who oppose you directly. Some may accuse you of being sneaky and manipulative, but those people are likely just jealous of your continual success.

Birthdate of: Stephanie Powers, actress; Tonya Harding, ice skater; Neil Young, musician.
