## Horoscope by Frances Drake

For Tuesday, Dec. 1, 1998

**ARIES**  
(March 21 to April 19)  
Make some room in your savings account, but don't start your celebratory spending binge just yet. Success and financial rewards are approaching but require your patience to come to full fruition.

**TAURUS**  
(April 20 to May 20)  
Energy and charisma are off the charts for you; take advantage! Be just a touch self-indulgent; flirt a little, do something outrageous - the world is your oyster.

**GEMINI**  
(May 21 to June 20)  
Resist the temptation to engage in confrontation, as you need to conserve your energy. Pay close attention to what you say and how you say it. Tact and politeness will go a long way for you.

**CANCER**  
(June 21 to July 22)  
Let's hope the neighbors are out of town - it's time to raise the roof! You're on top of the world; let everybody know it. Make sure all your friends are around, and you might even want to invite your boss to the party.

**LEO**  
(July 23 to Aug. 22)  
Time for a reality check. Pierce the veils of illusion and fantasy to take a clear-eyed look at the truth. Good times beckon, but keep your nose to the grindstone.

**VIRGO**  
(Aug. 23 to Sept. 22)  
You're full of energy, and ready to get down to business. Either put that vim and vigor to practical use by tying up all the loose ends that have been bugging you, or do some spiritual housecleaning - the choice is yours.

**LIBRA**  
(Sept. 23 to Oct. 22)  
Think of this moment as a mystery novel, and the theme of the book is "things are not what they seem."

Take time to look beneath the surface, particularly with things that you're excited about.

**SCORPIO**  
(Oct. 23 to Nov. 21)  
You've been hiding out for too long; it's time to stop watching and start doing! Take an active role, but make sure you don't try to do it all yourself. Opening up to others may feel strange at first, but you'll soon be glad you did.

**SAGITTARIUS**  
(Nov. 22 to Dec. 21)  
Recreation may call to you, but try to remember that you do work for a living. Keep a sharp eye on the details, and prepare to be acknowledged for your job well done.

**CAPRICORN**  
(Dec. 22 to Jan. 19)  
Work becomes play, and play is already play, so you can't lose! Anything you do has a little extra sparkle, but time spent pursuing your dreams will really pay off.

**AQUARIUS**  
(Jan. 20 to Feb. 18)  
Impatience takes top billing on your list of emotions. Try to bear it with grace, and resist the temptation to drop whatever you're doing to head for the hills. Keep an ear out for advice.

**PISCES**  
(Feb. 19 to March 20)  
It's one of those moments when it feels like you wrote the script, cast the actors and designed the sets. Guess what: It is! Your creativity affects everything around you.

**YOU BORN TODAY** Everyone admires your patience and ability to stay calm in a crisis, and loved ones rely on you to be their anchor. Your cool head serves you well at work and in relationships. Such steadiness is certainly admirable, but don't forget to take your wild side out for a walk every now and then.

Birthdate of: Woody Allen, director; Lee Trevino, golfer; Bette Midler, singer.
