## Horoscope by Frances Drake

For Thursday, Dec. 3, 1998

### ARIES

(March 21 to April 19)  
You're talking the talk so well that no one cares how you're walking. Speak your vision to your audience of rapt admirers, but don't be too impressed with all that attention.

### TAURUS

(April 20 to May 20)  
Everyone needs to run wild from time to time, and now it's your turn. Allow your impulses to take control, as long as they don't try to force decisions affecting the long term.

### GEMINI

(May 21 to June 20)  
Your own personal electrical power plant is operating at full power, and people are gathering just to let it rub off on them. You're the center of attention, and you respond with style and grace.

### CANCER

(June 21 to July 22)  
This is the perfect time for reflection and fruitful daydreaming, but circumstances will conspire to ensure that you can't relax for long. Try not to get too frustrated, and hold on until later.

### LEO

(July 23 to Aug. 22)  
Friends are important, and you should try to get as many of them to play with you as possible. You might be surprised at what comes from conversation with mere acquaintances.

### VIRGO

(Aug. 23 to Sept. 22)  
It's much easier to circle around the issue at hand, but you need to strike right to the heart of the matter. Don't get distracted by all the diversions; keep your eyes on the prize.

### LIBRA

(Sept. 23 to Oct. 22)  
There is a time for silence to allow you to take stock while others speak — this is not one of those times. You have something to contribute; spend

this time in conversation.

### SCORPIO

(Oct. 23 to Nov. 21)  
It's important to keep a cool head. Others will try to get you to rise to their bait. Although you may beat them at their own game, you won't come out a winner.

### SAGITTARIUS

(Nov. 22 to Dec. 21)  
You may feel compelled to make a move to the surface, since that's where the action is, but make sure you keep a toe in the deep end. The meaningless whirl may distract you from your true goals.

### CAPRICORN

(Dec. 22 to Jan. 19)  
Everyone around you seems to be running off at the mouth; it's your job to help them get to the point. Try to share the clarity that you alone seem to be able to summon.

### AQUARIUS

(Jan. 20 to Feb. 18)  
Outrageous self-expression and success mark everything you do, and the whole world notices. Everything you do effortlessly turns to magic; don't be surprised if your offhand spells enchant a legion of followers.

### PISCES

(Feb. 19 to March 20)  
It's a good time to crawl into your shell and slam the door behind you. Let this time pass on by. In fact, let a couple of days pass on by. Spend some time alone.

**YOU BORN TODAY** No one has ever quite managed to figure you out, and that's just the way you like it. You revel in your enigma status, and the privacy it affords you. Quiet contemplation, deep reflection and amused observation are your favorite pastimes, though you secretly hope that someone will one day solve the riddle.
